Dismiss alert. The term 'dialogic teaching' is now in regular use but like all such terms means different things to different people. As developed by Robin Alexander since the early 2000s, dialogic teaching is the power of talk to engage interest, stimulate thinking, advance understanding, expand ideas, and build and evaluate arguments, empowering students for lifelong learning and democratic engagement.

Dialogic Teaching - Robin Alexander

Dialogic teaching involves ongoing talk between teacher and students, not just teacher-presentation. Through dialogue, teachers can elicit students' everyday, 'common sense' perspectives, engage them in developing ideas and help them overcome misunderstandings. When students are given opportunities to contribute to classroom dialogue in extended and varied ways, they can explore the limits of their understanding.

What is Dialogic Teaching? - Faculty of Education

Dialogic teaching utilises the power of classroom talk to challenge and stretch students' thinking and, in the process, aid their cognitive, social and linguistic development. Alexander (Alexander, 2000) offers a number of justifications for using classroom talk, from the communicative to the cultural, and the political to the pedagogical. Ultimately, it is argued that dialogue should be viewed as the true nature of teaching and learning.
