Multiple Choice Written Examinations. The written exam generally consists of Multiple Choice Questions (MCQs). Short-answer-objective type questions and questions based on diagrams/pictures/images depicting medical conditions may be also included in the written exam. MCQs may be structured in such a way that only one answer would be correct, in such a case there would be no negative markings.

A test exam won't list every single question that actually appears on the real test. However, you'll have a better idea of what material will be covered when you do take the actual DHA Test. A combination of a good practice test and close attention to study guides will help you retain more of what you read from textbooks.
