No pude soltarlo ni por un instante.» Laurie Stolarz, autora de Azul para las pesadillas y Blanco para la magia «Desgarradora y sobrecogedora a la vez. Una historia maravillosa e intensa, Sylvia me tuvo enganchada desde el primer momento. Sylvia se deslizó en mi consciencia. Social exclusion, the polarisation of the types of chances life offers to different groups of young people, is increasing and is concentrated in some regions and neighbourhoods. Social class, race and gender can contribute to this phenomenon, as can other inequalities such as disability. Social inclusion is therefore one of the central goals of European policies towards young people, especially in relation to employment, lifelong learning and vocational guidance. This publication contains an edited collection of articles from a research seminar held in Budapest in October/November 2005 and organised within the framework of the Partnership on Youth between the Council of Europe and the European Commission.

From handwritten texts to online books, the page has been a standard interface for transmitting knowledge for over two millennia. It is also a dynamic device, readily transformed to suit the needs of contemporary readers. In How the Page Matters, Bonnie Mak explores how changing technology has affected the reception of visual and written information. Mak examines the fifteenth-century Latin text Controversia de nobilitate in three forms: as a manuscript, a printed work, and a digital edition. Transcending boundaries of time and language, How the Page Matters connects technology with tradition using innovative new media theories. While historicizing contemporary digital culture and asking how on-screen combinations of image and text affect the way conveyed information is understood, Mak's elegant analysis proves both the timeliness of studying interface design and the persistence of the page as a communication mechanism.

New York Times best-selling author and leadership expert John Maxwell offers practical insight into learning how to lead the person who matters most—yourself. The path to leadership begins with a question only few of us ask: How do I lead myself? John Maxwell presents twenty-six insights, not just for those who aspire to positions of leadership but also for veteran leaders who aim to build and improve upon the steps that led them to the front of the line. Sound leadership will impact any endeavor, but sound leaders are prepared for risk—and importantly, failure—just as they point the way toward achievement. With application exercises and a “ Mentoring Moment ” to accompany each chapter, The Leadership Handbook presents a road map for a path many may cross but few choose to follow. “ A leader," counsels Maxwell, "never has to recover from a good start. "

The subject of this book is the page, and the pages reproduced in it are taken from works of literature (or, in some cases, art books that derive specifically from literature). Naturally, it would have been possible to classify these pages differently: in chronological order, for example, in alphabetical order according to author or title, in numerical order according to page number. Lüthi chose to present them thematically, resulting in a typology of self-reflexive pages: Black Pages, Blank Pages, Drawing Pages, Photography Pages, Text Pages, Number Pages, and Punctuation Pages.

A Mindfulness-Based Approach to Working With High-Risk Adolescents is an accessible introduction to a new model of therapy that combines the Buddhist concept of mindfulness with modern trends in psychotherapy. Drawing on years of experience working with at-risk adolescents, the chapters explore ways to develop authentic connections with patients: building relationships, working with resistance, and ways to approach change using mindfulness-based techniques. Real-life interactions and illustrations are used to show how a mindfulness-oriented therapist can approach working with adolescents in individual and group settings, and the book also provides practical suggestions designed for immediate implementation. A Mindfulness-Based Approach to Working With High-Risk Adolescents is a must for any mental health professional interested in using mindfulness and other contemplative practices with at-risk youth.

Social Inclusion for Young People

Living among other people, in their families and communities, children become aware from a very early age of questions related to justice, and they search for the meaning of the world. By fostering an understanding of human rights, shaping opinion and developing attitudes, human rights education strongly supports this natural interest and learning process. This is what human rights education is about and this is what ðCompasito manual on human rights education for children' is for.ðCompasito' is a starting point for educators, teachers and trainers who are ready to deal with human rights education with children of 7-13 years. The book covers the key concepts of human rights and children's rights, and provides substantial theoretical background to 13 key human rights issues, such as democracy, citizenship, gender equality, environment, media, poverty, and violence.The 42 practical activities serve to engage and motivate children to recognise human rights issues in their own environment. They help children to develop critical thinking, responsibility and a sense of justice, and help them learn how to take action to contribute to the betterment of their school or community. The manual also gives practical tips on how it can be used in various formal and non-formal educational settings.

The Mayan god of death sends a young woman on a harrowing, life-changing journey in this dark, one-of-a-kind fairy tale inspired by Mexican folklore. "A spellbinding fairy tale rooted in Mexican mythology . . . Gods of Jade and Shadow is a magical fairy tale about identity, freedom, and love, and it's like nothing you've read before."—Bustle NEBULA AWARD FINALIST • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • Tordotcom • The New York Public Library • BookRiot The Jazz Age is in full swing, but Casiopea Tun is too busy cleaning the floors of her wealthy grandfather's house to listen to any fast tunes. Nevertheless, she dreams of a life far from her dusty small town in southern Mexico. A life she can call her own. Yet this new life seems as distant as the stars, until the day she finds a curious wooden box in her grandfather's room. She opens it—and accidentally frees the spirit of the Mayan god of death, who requests her help in recovering his throne from his treacherous brother. Failure will mean Casiopea's demise, but success could make her dreams come true. In the company of the strangely alluring god and armed with her wits, Casiopea begins an adventure that will take her on a cross-country odyssey from the jungles of Yucatán to the bright lights of Mexico City—and deep into the darkness of the Mayan underworld. Moreno-Garcia's seamless blend of mythology and history provides a ripe setting for Casiopea's stellar journey of self-discovery, which culminates in a dramatic denouement. Readers will gladly immerse themselves in Moreno-Garcia's rich and complex tale of desperate hopes and complicated relationships."—Publishers Weekly (starred review)

The Wonder Weeks reveals what's going on inside baby's mind. Including a bonus chapter with everything about the relationship between sleep and leaps, as well as unique insight into your baby's sleeping behavior. The book includes: * Week-by-week guide to baby's behavior* When to expect the fussy behavior, what this implies (cranky, clingy, crying (the three C's) behavior) and how to deal with these regression periods (leaps)* A description from your baby's perspective of the world around him and how you can understand the changes he's going through* Fun games and gentle activities you can do with your child* Unique insight into your baby's sleeping behaviour The book is based on the scientific- and parental-world-changing discovery of a phenomenon: all normal, healthy babies appear to be more fussy at very nearly the same ages, regression periods, and sleep less in these phases. These age-related fluctuations in need for body contact and attention (regression periods) are related to major and quite dramatic changes in the brains of the children. These changes enable a baby to enter a whole new perceptual world and, as a consequence, to learn many new skills. This should be a reason for celebration, but as far as the baby is concerned these changes are bewildering. He's taken aback--everything has changed overnight. It is as if he has woken up on a strange planet. He needs you to guide him and understand what he is going through! Get ready to rediscover the world all over again with your baby... Bonus: Sleep, and the lack of sleep... that's something we all have to deal with when we have a baby. The bonus chapter includes everything about the relationship between sleep and leaps, as well as unique insight into your baby's sleeping behavior. Hint: did you know your baby learns (and there's a lot of brain activity) during those little, 'light' sleeps?

Ideas, Resources, Methods and Activities for Informal Intercultural Education with Young People and Adults

Bux' Leben und sein Tod sind fest mit zwei ungewöhnlichen Menschen verbunden. Er hätte von ihren Namen auf Probleme schließen können. Dionysos lernt er über einen Internet-Chat kennen. „Reiß dir die Masken vom Gesicht, zerfetzte deine Hüllen und zerschmettere deine Hemmungen!“ Logisch, gefällt das Bux, denn er ist jung und naiv. Seth kennt er ausschließlich aus seinen Träumen und verliebt sich in diese Traumgestalt. Als sein bester Freund ihn überredet, mit ihm zum World Naked Bike Ride nach London zu reisen, nimmt das Schicksal seinen Lauf. Bux zieht sich seine Badehose und sein Kapuzenshirt auf der Fahrradtour, bei der sonst jeder nackt ist, nie aus. Dann begegnet er Seth wahrhaftig im Hyde Park, was ihn im kommenden Jahr dazu veranlasst, ein Praktikum im Hotel, in dem Seth als Koch arbeitet, anzunehmen. Doch Seth ignoriert ihn vollkommen. Der Hotelchef, in dem Bux Dionysos vermutet, rät ihm, er solle sich interessanter machen. Bald wird Bux von jedem manipuliert und stolpert von einem Missverständnis ins nächste. Es wird immer peinlicher, bis die Falle zuschnappt. Ausgerechnet der verklemmte Bux soll zum Werbeträger eines erstmals ganztägig stattfindenden Nudistentages werden. Je tiefer Bux in die neue Welt eintaucht, desto unheimlicher wird sie. Er schafft sich, als er einem Angeber die Nase blutig schlägt, einen gefährlichen Feind. Kurz darauf prügeln ihn vier Punks fast zu Tode. Bux überlebt nur, indem er eine Entscheidung trifft, die alles, woran er bisher glaubte, in Frage stellt. Er muss weit über sich selbst hinauswachsen, denn der Nudistentag steht vor der Tür, wie auch die Punks, die noch nicht mit ihm fertig sind.
