Media Literacy | Association for Citizenship Teaching
Media literacy is defined by the Trent Think Tank on Media Literacy as 'the ability to decode, analyze, evaluate, and produce communication in a variety of forms.' From: Information Literacy in the Digital Age, 2010

Media Literacy - an overview | ScienceDirect Topics
Media Literacy is the ability to access, analyze, evaluate and create media in a variety of forms. Definitions, however, evolve over time and a more robust definition is now needed to situate media literacy in the context of its importance for the education of students in a 21st century media culture. CML now uses this expanded definition:

Media Literacy: A Definition and More | Center for Media ...
Specifically, it helps kids: Learn to think critically. As kids evaluate media, they decide whether the messages make sense, why certain information... Become a smart consumer of products and information. Media literacy helps kids learn
