Detected for the first time in 2006, Ash Dieback represents a substantial threat to the ash tree's survival. Lisa Samson's new book 'Epitaph for the Ash' explores how barren our landscape could become without the ash's familiar branches. Inspired by her uncle who wrote the book 'Epitaph for the Elm', Lisa takes us on a journey to find out more about the cultural and historical significance of the ash, from the lowlands of Norfolk to northernmost reaches of the British Isles.
