At last – the Australasian edition of Romney and Steinbart’s respected AIS text! Accounting Information Systems first Australasian edition offers the most up-to-date, comprehensive and student-friendly coverage of Accounting Information Systems in Australia, New Zealand and Asia. Accounting Information Systems has been extensively revised and updated to incorporate local laws, standards and business practices. The text has a new and flexible structure developed especially for Australasian AIS courses, while also retaining the features that make the US edition easy to use. Key concepts such as systems cycles, controls, auditing, fraud and cybercrime, ethics and the REA data model are brought to life by a wide variety of Australasian case studies and examples. With a learning and teaching resource package second to none, this is the perfect resource for one-semester undergraduate and graduate courses in Accounting Information Systems.

Scott reveals vast amounts of financial accounting information drawn from recent research that has until now been hidden in academic journals. He provides a clear, easy-to-use framework for students to (1) place this information in a financial accounting context, (2) explain and analyze the information intuitively and (3) to reveal the information’s relevance in understanding the practice of accounting.

The new vol. 3 of the GAO and the President’s Council on Integrity and Efficiency (PCIE) Financial Audit Manual (FAM). GAO and the PCIE issued the joint FAM in July 2001. The FAM presents a methodology to perform financial statement audits of fed. entities in accordance with professional standards. GAO has updated the FAM for significant changes that have occurred in auditing financial statements in the U.S. gov’t. since the last major revisions to the FAM were issued in July 2004. These checklists are tools that may be used by entities and auditors to document conformity with U.S. generally accepted accounting principles (U.S. GAAP).

US public companies will have to follow International Financial Reporting Standards as of January 1, 2011. Weygandt’s Financial Accounting: IFRS introduces challenging

accounting concepts with examples that are familiar to the student while incorporating the new global accounting standards. Following the reputation for accuracy, comprehensiveness, and currency, Weygandt guides students through financial accounting and the period of transition for IFRS readiness. The text prepares student for the requirements they will follow in the coming years.

Financial Reporting & Analysis (FR&A) by

Revsine/Collins/Johnson/Mittelstaedt emphasizes both the process of financial reporting and the analysis of financial statements. This book employs a true "user" perspective by discussing the contracting and decision implications of accounting and this helps readers understand why accounting choices matter and to whom. Revsine, Collins, Johnson, and Mittelstaedt train their readers to be good financial detectives, able to read, use, and interpret the statements and-most importantly understand how and why managers can utilize the flexibility in GAAP to manipulate the numbers for their own purposes.

The book covers the major areas of Hong Kong taxation—Profits Tax, Salaries Tax, Property Tax, Personal Assessment and Stamp Duty. It also includes a chapter giving a general overview of international tax issues and in how it pertains to Hong Kong. This issue also contains general observations on the final reports issues in 2015 on the G20 and OECD Base Erosion and Profit Shifting (BEPS) project. The book explains the principles and practice of Hong Kong taxation law with relevant Court and Board of Review decisions and contains numerous practical examples. The current edition includes legislative changes to 30 June 2016, the latest developments in Hong Kong taxation including the introduction of a Corporate Treasury Centre regime and the ongoing implementation of the global standard of Automatic Exchange of Information and other tax transparency initiatives. A new chapter has also been included that examines the taxation of special entities such as partnerships. Ayesha

Every 3rd issue is a quarterly cumulation.

While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's fourth edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.

Now you can teach financial accounting from both a user's and preparer's perspective with a wealth of actual examples, cases, and real financial statements found in Gibson's FINANCIAL REPORTING & ANALYSIS: USING FINANCIAL ACCOUNTING INFORMATION, 13e. This effective text emphasizes the analysis and interpretation of the end result of financial reporting--financial statements. The author focuses on the language and preparation of financial statements throughout. Students analyze real financial reports, 10Ks, proxy statements, other exhibits, and cases drawn from actual companies. Nike, used as a continuing focus company throughout the text, provides the opportunity for students to become familiar with a single organization and better understand the meaning of its statements within a competitive context. In addition to a wide variety of problems, questions, cases, and Web references for practice and application, students also have access to the robust Thomson ONE: Business School Edition--the same online financial analysis tool used by Wall Street professionals every day. With the book's well-organized framework for learning and emphasis on numerous industries, your students leave the course prepared for success, no matter what area of business they pursue.
