Grammar of the film language (1976 edition) | Open Library
In film, film grammar is defined as follows: A frame is a single still image. It is analogous to a letter. A shot is a single continuous recording made by a camera. It is analogous to a word. A scene is a series of related shots. It is analogous to a sentence. The study of transitions between scenes is described in film punctuation.

(PDF) Film Language: Film Form and Meaning

The language of cinema starts with the shot. In film and video, a shot is a series of still image frames that runs for an uninterrupted period of time. Like a letter in written language, the shot is the smallest piece of visual language. However, a shot is closer to a word because it communicates much more than a single letter can.
