

Grimoire Org Clauneck

There have been many grimoires attributed to St. Cyprian of Antioch due to his reputation as a consummate magician before his conversion to Christianity, but perhaps none so intriguing as the present manuscript. This unique grimoire addresses the summoning and use of the four Archangels, Michael, Raphael, Gabriel and Uriel as well as their opposite numbers, the four Demon Kings, Paymon, Maimon, Egnyn and Oriens. The latter are shown in their animal and human forms along with their sigils, a resource unique amongst grimoires. The text is a mixture of magical scripts, Greek, Hebrew, cipher, Latin, (and reversed Latin) made plain by the editors.

In his popular Magickal Cashbook, author Damon Brand taught readers how to attract money in moments. In Wealth Magick, he reveals the closely guarded secrets of the super-rich.

WARNING: This book uses angels and demons. The entire operation is made safe by omnipotent angels, but if the thought of working with demons makes you squeamish, look to my other books such as Words of Power and Magickal Angels, which have no demonic content. This book is designed for serious occult workers, who want to focus on wealth creation in the long term. The magick is safe, because every demons is constrained by angelic forces, but this is not a book for those who are uneasy with the

*occult. Damon says, 'To be clear, and for the sake of complete honesty, I am not super-rich, but I am extremely wealthy compared to where I was last year, and compared to my childhood I feel like a billionaire. To me this is extreme prosperity, because I never have to worry about money, I get to do everything I want to do, go the places I want and own the things I've always dreamed of having.' How rich you become is up to you. Wealth Magick concentrates the best magick into a series of workings that will enable you to attract the wealth you desire. If you want money, it's yours. You do not have to spend years performing endless spells, or months trying to see and talk to strange and dangerous spirits. This method has been concentrated into the purest magick. You begin attracting riches from day one. As Damon Brand points out, magick is often over-complicated. He says, 'Before you know it you're trying ten different methods at once and your house is filled with candles, altars, incense and all sorts of images, crystals and magickal gadgets.' The good news is that most of this junk can be thrown out. Everything you need is contained in Wealth Magick. The magickal operations in this book are not about attracting a little extra cash. They are about creating a completely new lifestyle, based on a flow of extreme prosperity. You will discover:** The #1 mistake people make when trying to manifest money. * A set of unique secret seals, drawn from

Daemonolatress S. Connolly and well-known
magician Andrieh Vitimus share the ins and outs
of Spirit Keeping and Spirit Vessels. S.Connolly
shares a Daemonolatry perspective of buying,
making, and keeping spirits and spirit vessels.
Then Andrieh discusses his experiences with spirit

*A witch's handbook from the trial records of the
Venetian Inquisition. This grimoire, or handbook
of magic, was confiscated by the Venetian
Inquisition in 1636 from practicing witches. After
decades of searching for this elusive text, I now
have the pleasure of presenting and translating it
here for the first time. It contains their secret
techniques for dealing with the more dangerous
spirits or daemons, intentionally scattered and
hidden within a collection of "secrets" comprising
many detailed examples. Together these provide
enough clues to enable practitioners to create
their own spells for working with all the spirits
cataloged. It distinguishes itself as a supplement
to the better known Clavicula or Key of Solomon;*

whereas that text focuses on aerial spirits, this one focuses on chthonic spirits. This text is one of the primary original sources for the popular Grimorium Verum.

The magick of demons can lead to a life of success, power and extraordinary peace. Demons will demolish enemies, enrich bold ventures, satisfy material desires, and provide you with wisdom, charisma, healing and persuasive dignity. The beauty of demonic magick is that spiritual growth arises from material pleasure. If these are works of darkness, they bring great light. Demons of Magick provides you with three rituals for working with the seventy-two demons of Goetia. The first method is a way to petition for a simple result. The second method is Connective Evocation, where you sense the presence of the demon, to obtain knowledge. The third method provides you with the instructions for a Full Evocation, with the demon brought to visible appearance. Each of the seventy-two demons is proficient in several areas, and all of their powers can be used alone or in combination. You have thousands of sophisticated powers at your disposal. Gordon Winterfield says, 'My intent in creating this book has been to offer something genuinely original, and unobtainable elsewhere, based on the wisdom of experienced, practicing occultists. I have no interest in peddling the same weary methods that can be found elsewhere. It is therefore unavoidable that the contents of this book will challenge much of what has been said on the subject. The magick in this book is a modernized, workable method, and will violently contradict many beloved theories and beliefs. This book

may offend you, but if you are open-minded, I believe you will find a method that works for you quite readily.' You will discover: The secret Evocation Keys for attracting the demon to you. The names of 288 angels used to constrain the demons. 144 demonic and angelic seals. 72 colored sigils for working the rituals. The Ritual Opening that calls on five archangels. Words of Power for achieving altered states of consciousness. The safest and simplest methods for evoking demons.

The Psy-Mage Compendium is a collection of new magical writings by Astennu Sever. The information presented in this volume is aimed at both beginner and advanced magicians who prefer a modern approach to the ancient art of magic. Astennu Sever's teachings are a blend of Hermetic philosophy and mental practices and Goetic summoning magic. This book provides a philosophical disposition of the same, along with powerful magic and lifestyle modifications. New information presented in this compendium includes: - Transforming Vision- Mana Charging - The Mental Citadel Project- The Magician's Attitude The book also contains Astennu's most accomplished rituals, which have since original publishing received praise from a whole slew of aspiring magicians." The Psy-Mage Compendium is a grimoire I keep returning to. I developed the famous magician's gaze by using the recommended techniques in less than 3 days! Now I'm building my Mental Citadel before falling asleep. Highly recommend this book to my warlock brothers and witchy sisters!" - Dominik M. "Where to begin with this one? I've been a fan of Astennu's since I got hold of the Belial

invocation and attempted it for the first time. The power rush I received in that moment made me engage in a complete lifestyle overhaul. I've never been happier and stronger in my life. It's awesome that the Psy-Mage compendium contains so many rituals that I'm yet to try."

- Stanley B."I was always attracted to the dark side of spirituality but I could never find good instructions in the older grimoires. I can't sacrifice animals on a stone altar, I don't want to pray to Adonai, we don't live in the Middle Ages! I discovered that the minimalist approach advocated in this book works best for me, and probably other likeminded city dwellers as well." - Briana T

A step-by-step guide to Goetia from a Daemonolatriy perspective. Starts from the beginning of Goetia and discusses preparation, the creation of the circle, triangle of art, brass vessel, and sigils, discusses the invocations, then gives correspondences, Enns, Sigils, and additional insight into The Four Kings and the 72 Goetic Spirits.

THE ordinary fields of psychological inquiry, largely in possession of the pathologist, are fringed by a borderland of occult and dubious experiment into which pathologists may occasionally venture, but it is left for the most part to unchartered explorers. Beyond these fields and this borderland there lies the legendary wonder-world of Theurgy, so called, of Magic and Sorcery, a world of fascination or terror, as the mind which regards it is tempered, but in either case the antithesis of admitted possibility. There all paradoxes seem to obtain actually, contradictions coexist logically, the effect is greater than the cause and the shadow more than the substance. Therein the visible melts into the unseen, the

invisible is manifested openly, motion from place to place is accomplished without traversing the intervening distance, matter passes through matter. There two straight lines may enclose a space; space has a fourth dimension, and untrodden fields beyond it; without metaphor and without evasion, the circle is mathematically squared. There life is prolonged, youth renewed, physical immortality secured. There earth becomes gold, and gold earth. There words and wishes possess creative power, thoughts are things, desire realises its object. There, also, the dead live and the hierarchies of extra-mundane intelligence are within easy communication, and become ministers or tormentors, guides or destroyers, of man. There the Law of Continuity is suspended by the interference of the higher Law of Fantasia. But, unhappily, this domain of enchantment is in all respects comparable to the gold of Faerie, which is presumably its medium of exchange. It cannot withstand daylight, the test of the human eye, or the scale of reason. When these are applied, its paradox becomes an anticlimax, its antithesis ludicrous; its contradictions are without genius; its mathematical marvels end in a verbal quibble; its elixirs fail even as purges; its transmutations do not need exposure at the assayer's hands; its marvel-working words prove barbarous mutilations of dead languages, and are impotent from the moment that they are understood; departed friends, and even planetary intelligences, must not be seized by the skirts, for they are apt to desert their draperies, and these are not like the mantle of Elijah.

A Brief Introduction

First published in 1957, *The Secret Lore of Magic* contains within it a series of major source-books of magical arts. Many of them translated into English for the first time, these works are annotated and fully illustrated. The book's title in itself signalled the fact that the bulk of material in this bibliographical study had never been published openly before. Together with *Oriental Magic* which appeared in the preceding year, it provided a complete survey of fundamental magical literature, and thus a comprehensive reference system for psychologists, ethnologists and others interested in the rise and development of human beliefs. Both books also introduced the general reader to dependable information about what was a shadowy and confusing subject.

The Magus, or Celestial Intelligencer; being a Complete System of Occult Philosophy is a handbook of the occult and ceremonial magic compiled by Francis Barrett and published in 1801. This book facilitated the modern revival of magic by making information from otherwise rare books readily available. It may have influenced novelist Edward Bulwer-Lytton and occultist Eliphas Levi. More controversially, it has been identified as an influence on Joseph Smith, Jr., founder of the Latter Day Saint movement, in Reed C. Durham, Jr.'s speech "Is There No Help for the Widow's Son?"
Reproduction of 1801 Edition.

This exhaustive volume catalogs nearly three thousand demons, the mythologies and lore of virtually every ancient society and religions. From Aamon, the demon of life and reproduction with the head of a serpent and the body of a wolf in Christian demonology to Zu, the half-man, half-bird personification of the southern wind

and thunder clouds in Sumero-Akkadian mythology, entries offer descriptions of each demon's origins, appearance and cultural significance. Also included are descriptions of the demonic and diabolical members making up the hierarchy of Hell and the numerous species of demons that, according to various folklore mythologies, and religions, populate the earth and plague mankind. Very thoroughly indexed.

Quite simply the most popular of all Medieval grimoires devoted to the evocation and control of spirits. This edition is claimed to be compiled from manuscript copies in the British Museum and contains a great many spirit sigils.

The Complete Magician's Tables
Novem Portis*

This extremely influential 1595 study was frequently cited at witchcraft trials. In addition to lurid details of satanic pacts and sexual perversity, it presents the particulars of numerous court cases.

Contains the most complete set of tabular correspondences covering magic, astrology, divination, alchemy, tarot, I-Ching, kabbalah, gematria, grimoires, angels, demons, pagan pantheons, plants, perfumes, incenses, religious and mystical correspondences currently in print. They are more than four times more tables than in Crowley's Liber 777.

The source of the data in these tables ranges from unpublished manuscript mediaeval grimoires and Kabbalistic works, Peter de Abano, Abbott Trithemius, Albertus Magnus, Henry Cornelius Agrippa, Dr John Dee, Dr Thomas Rudd, Tycho Brahe, MacGregor Mathers (and the editors of Mathers work, Aleister Crowley and Israel Regardie), to the most modern theories of prime numbers and atomic weights. The sources include many key grimoires such the Sworn Book, Liber Juratus, the

Lemegeton (Goetia, Theurgia-Goetia, Almadel, Pauline Art), Abramelin, and in the 20th century the grimoire of Franz Bardon. All this material has been grouped and presented in a consistent and logical way covering the whole Western Mystery tradition and some relevant parts of the Eastern tradition. Some of the Tables included in this work: Alchemy and Alchemists; Angels: Biblical and Gnostic; Astrology: Zodiac, Planets, Decans, Mansions of the Moon, Fixed Stars and Constellations; Buddhist Meditation; Christianity; Colour Scales; Demons; Dr John Dees Angels; Emblems; Feng Shui and Taoist Magic; Gematria; Geomancy; Grimoires; Herbs; Islamic and Arab Magic; Isopsephy; Judaism; Kabbalah; Letters, Alphabets & Numbers; Magic and Sorcery; Mind, Body and Spirit; Natural Magic: Plants, Stones; Orders, Grades and Officers; Pagan Pantheons; Perfumes & Incenses; Planetary & Olympic Spirits; Questing and Chivalry; Sacred Geometry; Tarot; Timeline: Magicians, Kabbalists, Alchemists, Astrologers; Knights Templar; Vedic and Hindu Meditation and Magic; Wheel of the Year: Hours, Months, Seasons, Festivals; Yi Jing / I Ching.

As the title testifies, students were sworn to secrecy before being given access to this magic text, and only a few manuscripts have survived. Bits of its teachings, such as the use of the magic whistle for summoning spirits, are alluded to in other texts. Another key element of its ritual, the elaborate "Seal of God," has been found in texts and amulets throughout Europe. Interest in The Sworn Book of Honorius has grown in recent years, yet no modern translations have been attempted—until now. Purporting to preserve the magic of Solomon in the face of intense persecution by religious authorities, this text includes one of the oldest and most detailed magic rituals. It contains a complete system of magic including how to attain the divine vision,

communicate with holy angels, and control aerial, earthly, and infernal spirits for practical gain. Largely ignored by historians until recently, this text is an important witness to the transmission of Kabbalah and Jewish mysticism to European Hermeticists.

Three Practical Rituals for Working with

The 72 Demons

Demons of Magick

Ancient Sumerians and Babylonians of Mesopotamia used the cuneiform Tablets of Destiny & Epic of Creation to systematize all cosmic knowledge into a workable paradigm called "Mardukite Zuism"-a precise systemology received directly from the Anunnaki. And for the first time in modern history, a religious movement has emerged with workable spiritual technology that is relevant to the state of humanity far more than anything before known. The true Destiny of Humanity is to achieve spiritual Self-Actualization; the reunion of Self with the Divine. History demonstrates how dangerous and troublesome the idea of "Religion" actually is and how easily it is misused. For purposes of incorporating Mardukite Zuism into a contemporary standard, the idea of religion is here treated as: a concise spiritual paradigm and set of beliefs and practices regarding Divine "Infinite Beingness"-or else "God." It should be understood that the Highest form of "True Worship" is to fulfill personal destiny and this begins

with the Spirit-the true Self-and all external practices, rituals, ceremonies and historical examples are but outer reflections of this ideal. The word "ZU" meant "knowing" in original Sumerian cuneiform script. Goals and ideals of Zuism reflect this. Mardukite Zuism seeks to assist an individual in reclaiming a realization of the True Self or "I-AM" as the Immortal Spirit, in line with a most ancient directive: to "Know Thyself." In view of the fact that all modern humans are subjected to technologies depriving them of their freedoms to be, think, know and pursue truth: the goals and ideals of Zuism are to effectively revive and repair abilities and certainties of the Individual. Joshua Free first publicly launched "Mardukite Ministries" on the Summer Solstice, June 21, 2008. An active research division called the "Mardukite Chamberlains" was established in 2009, which developed and published a research library. In 2019, Joshua Free released the first published practical discoveries of "Mardukite Systemology" which now contributes applicable methods of spiritual technology that further the development of "Mardukite Zuism" as an effective religion to promote the spiritual advancement of anyone. Following the recent release of "Tablets of Destiny: Using Ancient Wisdom to Unlock Human Potential" and "Crystal Clear: The Self-Actualization Manual", this concise booklet by Joshua Free expertly presents a summation of the most promising futurist religious movement of the 21st century!

In this insightful chapbook, S. Connolly, well-known, successful Daemonolatress with over 30 years experience

working with Daemons, goes into the do's and don't's of successful Daemonic pact-making. If you've ever wanted to make a pact, thought about making a pact, or plan on making one, this book will demystify the process and make the practice accessible to you.

The Magical Treatise of Solomon, or Hygromanteia is the ultimate grimoire — the absolute foundation of ceremonial magic. The true source of the Key of Solomon, it is arguably the most significant magical text in the world. For the first time ever, this extraordinary work has been translated from the original Greek into English, allowing magic scholars worldwide to finally access its treasures. The translator, Ioannis Marathakis, is a native born Greek academic with an extensive knowledge of ceremonial magic. Unlike the abridged Latin translation, this groundbreaking work is the complete text, now arranged in its proper order.

After love magic, money magic is the most often worked. Everybody needs money. Even the “spiritual” types who claim to be above mundane matters can't sponge off their friends and relatives forever. Money magic works, but money will seldom fall from the sky into the spellcaster's hand. The money usually comes through some ordinary, though possibly unexpected means. This book includes job spells, business success spells, spells to banish debts, and spells to collect debts. There is even a spell to find money. Some of the spells enlist the aid of powerful spirits to help you achieve money and wealth. This book also includes instructions for using divination to predict winners and win lotteries. Just about every way to use magic to make money

is covered.

Wealth Magick

The Lesser Key of Solomon

Where there was effort, there will be ease. Where there was fear, there will be control. Where there was lack, there will be wealth. If you fear evil, know that there is no evil in this grimoire other than the evil that you bring. Be at ease with your desires, and you will not falter. The practical magick in this book gives you powers that include influence and control, with magick for money, sex, passion, and seduction. There are powers of persuasion, charm, and trust, alongside those for healing, guidance, wisdom, and peace. The demons enable you to solve legal problems, finding justice and improving your willpower. You will discover protection, bindings, and ways to improve personal skills and creativity. For those who seek greater control, there is a sequence of corruption and cursing rituals and methods for causing disease and mental suffering. Other powers create illusion or concealment and even manipulate time and reality itself. Working with demons is safe when you accept that the demons do not need to be restrained or controlled. A demon wants to fulfill its destiny by helping you obtain what you desire. When you get what you want, that is what the demon wants. This is the true harmony of magick. When you are clear about your desire, there is no risk in surrendering to the power of this magick. You are not selling your soul or making a pact with the devil, but

connecting to a legion of consciousness that rewards desire, choice, and determination. Working as The Order of The Unveiled Faces we have performed magick with the powers of Lucifer and The Hidden Demons since 1955. Our intention is to clarify the mysteries and dispel the myths. For those who seek magick, we swear an oath to provide you only with the methods that we know to be true. This is not another book about the demons of Goetia, but one that reveals the Legion of Lucifer. There are more than 100 demons in this book, and most are unknown outside of the secret orders. We reveal the full details of our source materials so you can see how these demons were hidden, and how they were found. You will have the ability to work with hundreds of unique powers. Open your mind, and you will be granted the power to shape, guide, and transform your reality.
