

Horse Sense Versione Italiana

After several adventures and mishaps around the barnyard, Tibber the kitten decides to leave further exploring for another day.

At a time when Scottish, Welsh and Irish nationalism are flourishing and English nationalism is disapproved of; when English customs and institutions are being dismantled, writer and philosopher Roger Scruton offers both an illuminating analysis of England's institutions and culture and a celebration of its virtues.

Examines hostile expressions towards Israel in Egypt of the 1980s. Focuses on the content and ideological context of these expressions, and their place in trends of thought in Egypt. Attitudes are expressed as spontaneous public views and are not directed by the regime, and that there are new motifs, such as "the cultural assault on the Egyptian mind." Analyzes

Nasserite pan-Arabism, the Islamic Left, and the Social Democrats of the establishment mainstream. Concludes that negation of Zionism and denial of Israel's right to exist is the current trend of the Egyptian

establishment. Moreover, Zionism and Judaism are intertwined in the writings. Anti-Zionism is thus inherently an expression of anti-Judaism, against Judaism both as culture and religion. Motifs (e.g. the odium of the Jews, the sin of Jewish particularism, the Western aspect of Israel's culture), and the growing influence of traditional Islamic religiosity in Egypt.

In een landhuis in Schotland waar een oude vrouw op sterven ligt verzamelen haar kinderen en kleinkinderen zich om haar doodsbed en brengen hun tijd door met gesprekken over haar

het leven.

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinocchio. It includes 40 illustrations. This collection contains 22 of George Zarnecki's studies, produced within the last 12 years, which provide a guide to recent research on English Romanesque sculpture.

Tells the story of the Civil War years in Wales. Military events are placed in context by looking at the background, reactions and doubts of the people.

The final novel in The Abruzzo Trilogy, follows the fugitive Pietro Spina as he refuses to accept the conditions of pardon for his transgressions against the fascist state and flees to the mountains. As in Fontamara and Bread and Wine, Silone achieves a rich harmony of allegory and realism in his portrayal of the cafoni of Abruzzo and their struggle for freedom. An extraordinary, unburnished vision of the conflict between good and evil, communicating to its reader, in the words of F. W. Dupee, "Silone's deep integrity, his

sufferings and aspirations, his radical sense of the world's wrongs.

Een man, op de vlucht voor oorlogsherinneringen en persoonlijk verdriet, ontmoet een fantasierijk figuur, eveneens oud-strijder, die a.h.w. uit verschillende persoonlijkheden is opgebouwd

This memoir traces the geological history of the district from the muddy seas and volcanicity of the early Palaeozoic of 450 million years ago, via the deserts of the Trias and the shallow tropical and subtropical seas of the Jurassic and Cretaceous, to the last glaciation 18,000 years ago, when much of the district was covered by ice. Finally, it records the history of the period after the retreat of the ice when temperate climates returned and the broad hollow that was to become Fenland and the Wash became progressively filled with freshwater peats, estuarine muds and marine sands as sea level rose in response to the melting of the ice.

John Conington (1825–69) was a towering figure in Victorian scholarship, not least because of his remarkably sensitive and literate commentaries on Virgil's Aeneid. The three-volume cloth edition of The Works of Virgil, begun by Conington in 1852, has been unavailable for over a century, except in rare second-hand sets. Now, for the first time, the whole of Conington's work is being reissued in a set of six paperback volumes. Each volume includes a new introduction by an established scholar, setting Conington's commentary in context, as well as a general introduction to Conington's work by Philip Hardie, who offers a fresh appreciation of the work..

The Rhins of Galloway district lies in the south-west of Scotland and marks the termination of the Southern Uplands against the North Channel. This memoir and the accompanying 1:50 000 solid geology map provide detailed subdivision of the Ordovician and Silurian turbidite strata. The conclusions are of significance to the Southern Uplands terrane as a whole and also to its equivalents in Ireland and maritime Canada. Other major sections of the memoir discuss the syn- and post-tectonic intrusive rocks, the development of the late Palaeozoic Stranraer half-graben and the regional structural framework as deduced from geophysical data.
