Mathematicians often know lots of mathematical facts, but, more importantly, they think about maths in different ways. These activities are grouped to help you to practise thinking like a mathematician.

Be a Mathematician!

Complete a master's degree and/or doctorate. Advanced degrees are often considered to be necessary to be a mathematician. While you can start your career with a bachelor's, pursuing a master's or doctorate will increase the job opportunities open to you.

square, write a series of numbers. Add the numbers together to find their total. Write the total on a card. The total of the numbers below is 40. You might want to adjust your numbers to get a particular total.

Making Maths: Be a Mathemagician

Keith Devlin, a transatlantic mathematician of the highest order, is refreshingly down to earth. Born in East Hull, England, Devlin would go on to achieve a professorship at Stanford University -- where he co-founded H-STAR, a landmark initiative that concentrates on how technology can better humanity -- and earn fame as "The Math Guy" on National Public Radio.

BEAM (Be A Mathematician) : Primary: Oxford University Press

He has a robe with many mathematical equations on it. The Mathemagician also has a pointy hat with mathematical equations and a white beard. In his hand he carries a long staff that resembles a pencil. In the movie, the Mathemagician is only a few feet taller than Milo, Tock, and the Humbug. He has a purple robe with no equations on it.
