

Ice Cream A History Shire Library

Gardens of Court and Country provides the first comprehensive overview of the development of the English formal garden from 1630 to 1730. Often overshadowed by the English landscape garden that became fashionable later in the 18th century, English formal gardens of the 17th century displayed important design innovations that reflected a broad rethinking of how gardens functioned within society. With insights into how the Protestant nobility planned and used their formal gardens, the domestication of the lawn, and the transformation of gardens into large rustic parks, David Jacques explores the ways forecourts, flower gardens, bowling greens, cascades, and more were created and reimagined over time. This handsome volume includes 300 illustrations - including plans, engravings, and paintings - that bring lost and forgotten gardens back to life.

Facing a long jail sentence, a woman takes a dangerous job for the New York Police Department. Lydia Constanza is

not cut out for prison. Since she came to the United States from Cuba, she's twice been convicted as an accomplice to a violent crime, and done two short stints in jail. The second time, her nerves went, and she vowed never to return. Back on the outside and living in New York with a five-year-old daughter, Lydia and her boyfriend hold up a check-cashing place, tripping the silent alarm and landing, once again, in handcuffs. To stay near her child, this three-time loser offers up the only thing she has left: information. Harlem has become a dangerous place to wear a badge. Two cops have just been killed at a traffic stop, and Walter F. X. Forster is not going to lose any more men. Informants like Lydia are the lieutenant's last chance to stop the bleeding. It's the bad guys' turn to die -- if his snitches stay alive long enough to tell the cops who to kill.

The Routledge Concise History of Southeast Asian Writing in English traces the development of literature in the region within its historical and cultural contexts. This volume explores creative writing in English across different genres and media, establishing connections from the colonial activity of the early modern period through to contemporary writing across Southeast Asia, focusing especially on the Philippines, Malaysia, Singapore and Hong Kong. In this critical guide, Rajeev S. Patke and Philip Holden: interweave text and context through the history of creative writing in the region examine language use and variation, making use of illuminating examples from speech, poetry and fictional prose trace the impact of historical, political and cultural events engage with current debates on national consciousness, globalization, modernity and postmodernism provide useful features including a glossary, further reading section and chapter summaries. Direct and clearly written, this Concise History guides readers through key topics while presenting a unique, original synthesis of history and practice in Southeast Asian writing in English. It is the ideal starting point for students and all those seeking a better understanding of Southeast Asian literatures and cultures.

Until the middle of the last century, London's social calendar was dominated by 'the Season', a round of social events and parties during which the daughters of the upper classes made their 'debuts'. Debutantes and their families descended on the capital from all over Britain to take part in this elaborate process that in its blend of glamour, great privilege and archaic and sometimes comic ritual is emblematic of a world now lost. From the preparations and formalities of court presentation to the exhausting round of parties that followed, Debutantes and the London Season is a detailed look at a phenomenon that was central to the lives of generations of privileged young ladies.

Selling in the Streets from Antiquity to the Present

Also Containing Biographies of Well-known Citizens of the Past and Present

Street vendors are ubiquitous across the world and throughout history. They are part of almost any distribution chain, and play an important role in the marketing of consumer goods particularly to poorer customers. Focusing on the food trades, this multi-disciplinary volume explores the dynamics of street selling and its impact on society. Through an investigation of food hawking, the volume both showcases the latest results from a subject that has seen the emergence of a significant body of innovative and adventurous scholarship, and advances the understanding of street vending and its impact on society by stimulating interdisciplinary and cross-disciplinary discussions. Covering a time span of approximately two millennia, from antiquity to the present, the book includes chapters on Europe and Asia, and covers a diverse range of themes such as the identity of food sellers (in terms of gender, ethnicity, and social status); the role of the street seller in the distribution of food; the marketing of food; food traders and the establishment; the

representation of food hawkers; and street traders and economic development. By taking a dynamic approach, the collection has enabled its contributors to cross disciplinary boundaries and engage in discussions which extend beyond the limits of their own academic fields, and thus provide a fresh appreciation of this ancient phenomenon.

Understanding War

Fantasy fiction. The first ever illustrated paperback of part one of Tolkien's epic masterpiece, The Lord of the Rings, featuring 19 colour paintings by Alan Lee.

Anthropologists and historians have shown us that 'male' and 'female' are variously defined historically and cross-culturally. The contributions to this volume focus on the voluntary and involuntary, temporary or permanent transformation of gender identity. Overall, this volume provides powerful and compelling illustrations of how, across a wide range of cultures, processes of gender transformation are shaped within, and ultimately constrained by, social and political context. From medical responses to

biological ambiguity, legal responses to cases brought by transsexuals, the historical role of the eunuch in Byzantium, the social transformation of gender in Northern Albania and in the Southern Philippines, to North American 'drag' shows, English pantomime and Japanese kabuki theatre, this volume offers revealing insights into the ambiguities and limitations of gender transformation.

The Informant

The Oxford Companion to Food

After years of demand from hungry fans, there is finally a lovingly researched and well-crafted cookbook on the way that transports readers, cooks, and eaters just a bit closer to the rounded doors of Bag End. Showcasing dishes mentioned in and inspired by the works of JRR Tolkien, and enriched by details such as facsimiles of "original" recipes and marginalia, this is an immersive work of combined fiction and food. So pack your pocket handkerchief, roll up your sleeves, and prepare to eat like a Hobbit! For more information, please visit www.theshirecookbook.com

The third book in Professor Christian Potholm's war trilogy (which includes *Winning at War* and *War Wisdom*),

Understanding War provides a most workable bibliography dealing with the vast literature on war and warfare. As such, it provides insights into over 3000 works on this overwhelmingly extensive material. *Understanding War* is thus the most

comprehensive annotated bibliography available today. Moreover, by dividing war material into eighteen overarching themes of analysis and fifty seminal topics, and focusing on these, *Understanding War* enables the reader to access and understand the broadest possible array of materials across both time and space, beginning with the earliest forms of warfare and concluding with the contemporary situation. Stimulating and thought-provoking, this volume is essential for an understanding of the breadth and depth of the vast scholarship dealing with war and warfare through human history and across cultures.

How Soda Shook Up the World

Ice cream has been served in Britain since the seventeenth century. It has graced the tables of kings, and the cones of the working man; it has been plain, flavored, molded, sliced, squirted and scooped. It has made the fortunes of industrialists and put bread on the table of generations of Italian émigrés. This new history of ice cream by food historian Ivan Day tells the whole story of ice cream in Britain, a story that has seen both the democratization of this favorite frozen dessert, and a fall in the standards of its production and presentation. It is a story of fine cuisine, of

entrepreneurship, and of food for fun. Illustrated with archive material and photographs of historic ice cream desserts made from original recipes especially for this book, this is a remarkable tale of an extraordinary and much-loved food.

Includes history of bills and resolutions.

"Celebrating sugar while acknowledging its complex history, 'The Oxford Companion to Sugar and Sweets' is the definitive guide to one of humankind's greatest sources of pleasure"--

Sandcastles, donkeys, piers and sticks of rock. Beach huts, paddle steamers, promenade shelters and ice cream cones. Our modern seaside is the sum of its parts and all those parts have their history. This book explores the best-loved features of our favourite holiday destinations, each object and building adding its own layer to the story of our shared seaside heritage. Using a mixture of historic images and modern photographs the book takes a roughly chronological journey through the things that have made our seaside distinctive. The places where we have chosen to take our holidays for the past three hundred years have been transformed from mere stretches of coastline but they are not like inland towns. Inside these pages can be found a

celebration of all that makes our seaside special.

Thomas Palmer (b.ca. 1740) was born in eastern Pennsylvania near the New Jersey boundary, and served as a colonel in the Revolutionary War. He

was the father of Daniel Palmer (b.ca. 1770), who lived at Easton, Pennsylvania. Descendants and relatives lived in Pennsylvania, Ohio, Indiana, Michigan, Missouri, California and elsewhere.

The story of soda is the story of the modern world, a tale of glamorous bubbles, sparkling dreams, big bucks, miracle cures and spreading waistlines. Fizz! How Soda Shook Up The World charts soda's remarkable, world-changing journey from awe-inspiring natural mystery to ubiquitous presence in all our lives. Along the way you'll meet the quack medicine peddlers who spawned some of the world's biggest brands with their all-healing concoctions as well as the grandees of science and medicine mesmerized by the magic of bubbling water. You'll discover how fizzy pop cashed in on Prohibition, helped presidents reach the White House, and became public health enemy number one. You'll learn how Pepsi put the fizz in Apple's marketing and how soda's sticky sweet allure defined and built nations. And you'll find out how a soda-loving snail rewrote the law books. Fizz! tells the extraordinary tale of how a seemingly simple everyday refreshment zinged and pinged over our taste buds and, in doing so, changed the world around us. Tristan Donovan is the author of Replay: The History of Video Games. His work has appeared in the Times, Stuff, the Daily Telegraph, the Guardian, and the Big Issue, among others.
