Ten innovations that have changed English language teaching

Creativity and innovation is the essence of teaching and learning including in the social sciences discipline.

Creativity and innovation bring about interest and motivation to learners of English as well as English teacher-trainees, which eventually lead to learning. Gone are the days of a Professor delivering a lecture while standing behind a rostrum in a huge lecture hall in a one-way communication mode where his/ her words are words of God, and students sit quietly embracing his/her words
