If there are two Parking Brake Wires. (1) Connect the gray wire from the Turbo Timer to the supplied gray parking brake wire. (2) Turn the key switch on. (Do not start the Engine.) (3) Using a multi-meter, find the wire that reads 0V when the parking brake is engaged, and 12V when the parking brake is disengaged.

Device manufacturers often release manuals through their websites—sometimes readable online, sometimes downloadable as a PDF. You'll even find manuals for lots of older devices. Sure, you probably won't find the instructions for your old cathode ray TV from the 70s, but the manuals for a lot of stuff from the early-2000s are out there.
