~~Syllabus: Introduction to Socio-Cultural Anthropology~~

Sociocultural anthropology is founded on the idea that people adapt to their environments in different ways, which over time, creates and develops culture. Sociocultural relativism is the idea that each culture has its own relative value and importance. This contrasts past ideas of cultural evolution.

Read Book Introduction To Sociocultural Anthropology

Cultural anthropology, also known as sociocultural anthropology, is the study of cultures around the world. It is one of four subfields of the academic discipline of anthropology. While anthropology is the study of human diversity, cultural anthropology focuses on cultural systems, beliefs, practices, and expressions.

~~An Introduction to Cultural Anthropology~~

Introduction Attention to reproduction within anthropology emerged in early cross-cultural studies, largely descriptive and ethnomedical in nature, that examined reproduction in the context of cultural and religious beliefs around conception, childbirth and postpartum taboos, and knowledge about fertility regulation.
