Malaria Research and Treatment ceased publication in 2019 and is no longer accepting submissions. All previously published articles are available through the Table of Contents. The journal is archived in Portico and via the LOCKSS initiative, which provides permanent archiving for electronic scholarly journals. Go to Table of Contents

Malaria Research and Treatment | Hindawi

Malaria Journal is aimed at the scientific community interested in malaria in its broadest sense. It is the only journal that publishes exclusively articles on malaria and, as such, it aims to bring together knowledge from the different specialties involved in this very broad discipline, from the bench to the bedside and to the field.

Malaria Journal - WHO

Last year, with the publication of the NIAID Strategic Plan for Malaria Research and the NIAID Research Agenda for Malaria the NIAID outlined its vision of malaria research and development in the context of a changing landscape and provided a framework for future research directions, priorities, and efforts within its purview. We look forward to engaging broadly and working closely with the global research community and other partners to address the challenges and ambitious goals of a most ...

CDC's Malaria Research.

Parasitology Research The Johns Hopkins Malaria Research Institute includes a group of investigators whose work focuses on the cellular and molecular events that enable the malaria parasite to live and replicate in its mosquito and mammalian hosts.

Johns Hopkins Malaria Research Institute - Centers and ...

The mission of the Division of Intramural Research (DIR) Malaria Research Program (MRP) is to seek fundamental knowledge about the interactions of malaria parasites with the human host and the mosquito vectors that transmit them and to apply this knowledge to prevent

disease, enhance health, and improve the quality of life in malaria endemic areas.

Malaria Research Program (MRP) | NIH: National Institute ...

The International Journal of Malaria and Tropical Diseases (IJMTD) (formally known was the Journal of Malaria in Africa and the Tropics (JMAT) is a publication of the malariologists and researchers in tropical diseases. Its aim is to educate, improved the practice of malaria treatment, stimulate research, encourage academic tropical medicine and enhance patient care.

International Journal of Malaria and Tropical Diseases (IJMTD)

Malaria Research and Treatment publishes original research articles, review articles, and clinical studies related to all aspects of malaria. Journals Publish with us

Table of Contents | Malaria Research and Treatment | Hindawi

Currently in Ghana, Target Malaria is opening up the research process through the development of an ecological observatory where knowledge from and questions raised by diverse publics surrounding the ecological implications of the suppression of *Anopheles gambiae* are shaping research programs. In Uganda, another of Target Malaria's research ...

Knowledge engagement in gene drive research for malaria ...

Malaria is a disease of tropical and subtropical regions, having been eradicated from temperate countries steadily over the last 100 years. It is transmitted by the bite of the female *Anopheles* mosquito. Disease incidence depends on environmental suitability for local vectors in terms of altitude, climate, vegetation, and implementation of control measures, and hence is inextricably linked to ...

Malaria - The Lancet

The CDC malaria laboratories engaged in this malaria research are developing molecular tools and networks in the field in South America, Africa, and Southeast Asia that will monitor emergence of drug-resistant malaria parasites globally. The laboratories collect and maintain malaria parasite isolates with a wide array of defined drug-resistant properties in order to identify and characterize the molecular and biological markers of drug resistance and, also, the mechanisms by which drug ...

CDC - Malaria - Tools for Tomorrow - Current and Future ...

NIAID plays a unique role in the global effort against malaria in that it funds the majority of basic malaria research. The NIAID Malaria Research Program encompasses a broad range of topics, covering the full cycle of malarial disease—from parasite to mosquito to human host. Increased knowledge of these three elements and the multifaceted interactions among them is critical in developing effective tools to prevent

and control malaria.

Malaria Journal is an open access, peer-reviewed, online journal aimed at the scientific community interested in malaria in its broadest sense.

Malaria Journal - Index

Malaria is a serious disease caused by a parasite. You get it when an infected mosquito bites you. Malaria is a major cause of death worldwide, but it is almost wiped out in the United States. The disease is mostly a problem in developing countries with warm climates. If you travel to these countries, you are at risk. There are four different types of malaria caused by four related parasites.
