Sunday Times Bestseller ‘A paradigm-smashing chronicle of joyous entanglement’ Charles Foster Waterstones Non-Fiction Book of the Month (September) Are trees social beings? How do trees live? Do they feel pain or have awareness of their surroundings?

From the charming and wickedly funny co-creator and star of Crazy Ex-Girlfriend, a collection of hilarious personal essays, poems and even amusement park maps on the subjects of insecurity, fame, anxiety, and much more. Rachel Bloom has felt abnormal and out of place her whole life. In this exploration of what she thinks makes her "different," she's come to realize that a lot of people also feel this way; even people who she otherwise thought were "normal." In a collection of laugh-out-loud funny essays, all told in the unique voice (sometimes singing voice) that made her a star; Rachel writes about everything from her love of Disney, OCD and depression, weirdness, and Spanx to the story of how she didn't poop in the toilet until she was four years old; Rachel's pieces are hilarious, smart, and infinitely relatable (except for the pooping thing).

They saved a little bird . . . And in return she saved them too After a near-fatal fall left Sam Bloom paralysed, no one - not her husband Cameron, nor their three boys - could reach her in the darkest days of her struggle. But everything changed when a new member of the family unexpectedly landed in their lives: an injured magpie chick abandoned after she fell from her nest, whom they named Penguin Bloom. Powerful and tender, Penguin Bloom is a beautifully written account of how compassion, friendship and family can come from unexpected places.

Revealing the surprising roots of lasting happiness, The Sweet Spot by pre-eminent psychologist Paul Bloom explains why suffering is an essential source of both pleasure and meaning in our lives. 'Paul Bloom can always be counted on to take your confident assumptions about humanity and turn them upside down' SUSAN CAIN, author of Quiet _____ A good life involves more than just pleasure. Suffering is essential too. It seems obvious that pleasure leads to happiness - and pain does the opposite. And yet we are irresistibly drawn to a host of experiences that truly hurt, from the exhilarating fear of horror movies or extreme sport, to the wrenching sadness of a song or novel, to the gruelling challenges of exercise, work, creativity and having a family. In The Sweet Spot, pre-eminent psychologist Paul Bloom explores the pleasures of suffering and explains why the activities that provide most satisfaction are often the ones that involve greatest sacrifice. He argues that embracing this truth is the key to a life well lived. Drawing on ground-breaking findings from psychology and brain science, he shows how the right kind of suffering sets the stage for enhanced pleasure, and how pain itself can serve a variety of valuable functions: to distract us from our anxieties or even express them, to help us transcend the self or project our identity, or as a gateway to the joys of mastery and flow. As Bloom argues, deep down we all aspire to lives of meaning and significance, and that means some amount of struggle, anxiety and loss. After all, if the things that mean most to us were easy, what would be the point? Endlessly fascinating and counter-intuitive, this deeply humane and enlightening enquiry is packed with unexpected insight into the human condition. _____ 'An exhilarating antidote to toxic positivity, this captivating book will challenge your vision of a good life' ADAM GRANT, author of Think Again 'This delightful and wonderfully written book gets to the heart of one of the most important questions in modern thought, illustrating how complex and paradoxical human happiness really is' GREG LUKIANOFF, co-author of The Coddling of the American Mind 'Paul Bloom is a phenomenal psychologist. His research is always thought-provoking, and his writing clear and eloquent' MARIA KONNIKOVA, author of The Biggest Bluff

In this memoir of personal discovery, loss and renewal, Claire Bloom looks beyond the stage and unveils her true identity. One of the most beautiful and gifted actresses of her generation, Claire Bloom's achievements in theatre and television have been celebrated throughout the world. Bloom traces her fatherless years in the 1930s to her apprenticeship in the British theatre and her rise as an actress in Charles Chaplin's Limelight before she was 20. She recounts professional and personal relationships with Laurence Olivier, John Gielgud, Anthony Hopkins and Paul Schofield, and tells of her long entanglement with Richard Burton. She recalls failed marriages to Rod Steiger and Hillard Eskins, and the book concludes with a stark account of the most important relationship of her life, with writer Philip Roth.

Alfie Bloom 1: Alfie Bloom and the Secrets of Hexbridge Castle

ULYSSES James Joyce's novel Ulysses is said to be one of the most important works in Modernist literature. It details Leopold Bloom's passage through Dublin on an ordinary day: June 16, 1904. Causing controversy, obscenity trials and heated debates, Ulysses is a pioneering work that brims with puns, parodies, allusions, stream-of-consciousness writing and clever structuring. Modern Library ranked it as number one on its list of the twentieth century's 100 greatest English-language novels and Martin Amis called it one of the greatest novels ever written. ULYSSES Ulysses is a modernist novel by Irish writer James Joyce. It is considered to be one of the most important works of modernist literature, and has been called "a demonstration and summation of the entire movement". Ulysses chronicles the peripatetic appointments and encounters of Leopold Bloom in Dublin in the course of an ordinary day, 16 June 1904. Ulysses is the Latinised name of Odysseus, the hero of Homer's epic poem Odyssey, and the novel establishes a series of parallels between its characters and events and those of the poem (the correspondence of Leopold Bloom to Odysseus, Molly Bloom to Penelope, and Stephen Dedalus to Telemachus). Joyce divided Ulysses into 18 chapters or "episodes". At first glance much of the book may appear unstructured and chaotic; Joyce once said that he had "put in so many enigmas and puzzles that it will keep the professors busy for centuries arguing over what I meant", which would earn the novel "immortality". James Joyce (1882-1941) was an Irish novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for Ulysses, the short-story collection Dubliners, and the novels A Portrait of the Artist as a Young Man and Finnegans Wake. ULYSSES As the day begins, Stephen Dedalus is displeased with his friend and remains aloof. A little later, he teaches history at Garrett Deasy ' s boys ' school. ULYSSES Leopold Bloom begins his day by preparing breakfast for his wife, Molly Bloom. He serves it to her in bed along with the mail. ULYSSES As their day unfolds, Joyce paints for us a picture of not only what ' s happening outside but also what ' s happening inside their minds. ULYSSES Drawing on the characters, motifs and symbols of Homer ' s Odyssey, James Joyce ' s Ulysses is a remarkable modernist novel. It has lived through various criticisms and controversies and has undergone several theatre, film and television adaptations. It continues to remain a literary masterpiece. ULYSSES

Inheriting the local B&B and its eccentric handyman, Annie Fortenberry finds her life complicated by rumors of a ghost, millionaire Max Holt's upcoming wedding, enigmatic stranger Wes Bridges, and her murdered ex-husband.

The charming story of GingerNutz, an orangutan born in the wilds of Borneo who has dreams of making it big in the fashion world. Michael Roberts's charming text and hand drawn illustrations tell the story of GingerNutz, an orangutan born in the wilds of Borneo who has dreams of making it big in the fashion world. One day while playing on the beach, the ten year old GingerNutz finds a bottle washed up on the shore containing a copy of Vogue magazine. Entranced by the glamorous images on its glossy pages, the precocious primate sets her mind to becoming a high fashion model. She dedicates herself to grooming her coat, creating makeup from exotic flowers, and styling her ginger hued hair. Unlikely as it may seem, she encounters other likeminded jungle creatures - the creative orangutan duo Dolce and Grubbana, a haughty and chic silverback gorilla - who together create their own hyper stylish coterie, and GingerNutz fulfils her dream of sashaying down the runway. The story of GingerNutz was inspired by legendary model and fashion editor Grace Coddington, the long-time creative director of American Vogue and a close friend of the author. The book contains 65 hand drawn illustrations that vividly depict the lush and colourful Bornean fashion community.

A rousing, funny, straight-talking, inspirational and generally awesome book from social entrepreneur Lucy Bloom, part memoir, part life-lessons, which urges us all to find our courage, take joy in life and celebrate our extraordinary ordinariness... Stirring, straight-talking, incredibly inspiring, funny and full-on - Lucy Bloom is one of a kind, and so is her memoir. Lucy's openhearted interest in the world has taken her from jillarooing on a cattle farm to maternity hospitals in Ethiopia, from marshalling a cross-country carnival in northern Uganda to CEO briefings in the back of a tuk-tuk in Cambodia. Hers has been a life of fighting for the underdog only to find out that, sometimes, the underdog is actually her. Taking all dramatic life-turns, side-steps and face-plants in her stride, Lucy has rebuilt her life every time, with love and adventure at its heart, plus a side order of mischief. Rollicking, rude, brimful with joy, and written with a take-no-prisoners, bare-all honesty, this book is a call to arms - a book to make you laugh out loud, nod your head in recognition, re-charge your life and let loose. 'My deepest wish is that reading this book makes you want to do cool stuff, make plans, launch that business, pack your bags, shave your head, ride that horse, date that hottie, apply for that job, chuck that party - and, most of all, get your girls out, whatever that means for you.' 'This memoir is so full of life and its ups and downs, you will start reading it again as soon as you finish. We are all richer for knowing Lucy.' Wendy Whiteley OAM 'Lucy tells powerful stories of human tenacity and love; she inspires all with her insight into the human spirit.' Bernard Salt AM

"The definitive life of O'Keeffe." —Hilton Kramer, Los Angeles Times Georgia O'Keefe (1887?-1986) was one of the most successful American artists of the twentieth century: her arresting paintings of enormous, intimately rendered flowers, desert landscapes, and stark white cow skulls are seminal works of modern art. But behind O'Keeffe's bold work and celebrity was a woman misunderstood by even her most ardent admirers. This large, finely balanced biography offers an astonishingly honest portrayal of a life shrouded in myth. Some images in the ebook are not displayed owing to permissions issues.

America's most original and controversial literary critic writes trenchantly about forty-eight masterworks spanning the Western tradition—from Don Quixote to Wuthering Heights to Invisible Man—in his first book devoted exclusively to narrative fiction. In this valedictory volume, Yale professor Harold Bloom—who for more than half a century was regarded as America's most daringly original and controversial literary critic—gives us his only book devoted entirely to the art of the novel. With his hallmark percipience, remarkable scholarship, and extraordinary devotion to sublimity, Bloom offers meditations on forty-eight essential works spanning the Western canon, from Don Quixote to Book of Numbers; from Wuthering Heights to Absalom, Absalom!; from Les Misérables to Blood Meridian; from Vanity Fair to Invisible Man. Here are trenchant appreciations of fiction by, among many others, Austen, Balzac, Dickens, Tolstoy, James, Conrad, Lawrence, Le Guin, and Sebald. Whether you have already read these books, plan to, or simply care about the importance and power of fiction, Harold Bloom is your unparalleled guide to understanding literature with new intimacy.

Living life in full bloom means living with hope and purpose, with imagination and vision—in a way that honors the Earth, the spirit, and one another. Elizabeth Murray encourages and nurtures each person to explore four personality attributes (Gardener, Artist, Lover, and Spirit Weaver), or pathways, that create a framework for practicing mindfulness, unleashing potential, and reviving communities. As Gardeners, readers will learn to observe and grow; as Artists, they'll discover creativity and new possibilities; as Lovers, they'll lead with the heart and commit to things they're passionate about; and as Spirit Weavers, they'll create rituals and express gratitude. Accented with Murray's exquisite nouveau vintage photography in a beautiful format, 30 guided activities for each pathway help readers take small but powerful action steps to define the purposes of busy lives and help them remember who they really are. Murray also includes profiles of "bloomers," inspiring individuals who exemplify this life and are in partnership with their local communities and international organizations focused on people and causes. A step-by-step exercise on life mapping helps to identify passions, skills, and community needs and offers specific actions to serve the greater good.
