Amazon.com: Making It Right: Product Management For A...
Making It Right gives the concept a different spin: Product managers should strive for the shape of a capital "I." One can be visionary and flexible (the top bar) while also knowing details and how to deliver (the bottom bar). I would take the idea further and argue that these two orientations are useful at different times in a project.

Making it Right: a book summary for product managers by...
Explain why product management is an essential role in any organization, and what characteristics managers should look for when they hire product managers. Provide a framework and practical guidance for strategic product management; a framework that details the elements of product planning and product execution that make up a product manager's day-to-day work.
