

Making Of U S Foreign Policy Tsaltd

~~Making Of U S Foreign~~

Foreign policy and its making is sheer and pure craftsmanship. It is either more because, essentially it revolves around power, its exercise and how it relates to interstate relations. There are other dimensions of foreign policy like diplomacy, spycraft, foreign economic relations, military relations and so on but embedded or implicated even in these is power.

The current loss of equilibrium that characterizes U.S. foreign policy is driven by two of the four variables. First, changes over the last two decades in the global landscape, including major shifts between the relative power of the United States and its major competitors, present an immense challenge.

~~Why American Strategy Fails | Foreign Affairs~~

Third, break the domestic/foreign policy silos. For decades, U.S. foreign policy has operated in a relatively isolated sphere. National security strategists and foreign policy planners have articulated national interests and set the direction of U.S. policy largely through the prism of security and geopolitical competition.
