*Moral disengagement by observers of harmful practices, like by practitioners of harmful practices, can also occur at this locus. The observers simply disregard, distort or deny awful acts by others. Bandura shows, for example, how higher-ups in the Catholic Church tolerated abuse of children and moved offending priests around, thereby allowing them to carry their abuse from one milieu to another.*

*Moral Disengagement: How People Do Harm and Live With ...*

*Moral disengagement is a term from social psychology for the process of convincing the self that ethical standards do not apply to oneself in a particular context. This is done by separating moral reactions from inhumane conduct and disabling the mechanism of self-condemnation. Thus, moral disengagement involves a process of cognitive re-construing or re-framing of destructive behavior as ...*

*Bandura provides a definitive exposition of the psychosocial mechanism by which people selectively disengage their moral self-sanctions from their harmful conduct. They do so by sanctifying their harmful behaviour as serving worthy causes; absolving themselves of blame; minimizing the harmful effects of their actions; dehumanizing those they maltreat, and blaming them for bringing the suffering on themselves.*
