Ultimately,  
being  
considerate,  
respectful,

what's really  
important in  
building

relationships.  
"Please" and

behind any

action that  
matter most.

The most  
important  
assets of any  
business are  
intangible:  
its company  
name, brands,  
symbols, and  
slogans, and  
their

relationships.  
These assets,  
which comprise  
brand equity,  
are a primary  
source of  
competitive  
advantage and  
future  
earnings,  
contends David  
Aaker, a

File Type PDF

national  
authority on  
branding. Yet,  
research shows  
that managers  
cannot  
identify with  
confidence  
their brand  
associations,  
levels of  
consumer

File Type PDF

awareness, or  
degree of  
customer  
loyalty.

Moreover in  
the last  
decade,  
managers  
desperate for  
short-term  
financial  
results have

File Type PDF

often  
unwittingly  
damaged their  
brands through  
price

unwise brand  
extensions,  
causing  
irreversible  
deterioration  
of the value

of the brand name. Although several companies, such as Canada Dry and Colgate-Palmolive, have recently created an equity management position to be

File Type PDF  
Nissan Maxima

guardian of  
the value of  
brand names,  
far too few  
managers,  
Aaker  
concludes,  
really  
understand the  
concept of  
brand equity  
and how it

File Type PDF  
Nissan Maxima

must be implemented.

In a fascinating and insightful examination of the phenomenon of brand equity, Aaker provides a clear and well-defined

structure of  
the  
relationship  
between a  
brand and its  
symbol and  
slogan, as  
well as each  
of the five  
underlying  
assets, which  
will clarify

File Type PDF  
Nissan Maxima  
Quick Reference  
Guide 2008

for managers  
exactly how  
brand equity  
does  
contribute  
value. The  
author opens  
each chapter  
with a  
historical  
analysis of  
either the

success or failure of a particular company's attempt at building brand equity: the fascinating Ivory soap story; the transformation of Datsun to

File Type PDF  
Nissan Maxima  
Quick Reference

Nissan; the decline of Schlitz beer; the making of the Ford Taurus; and others.

Finally, citing examples from many other companies,

Aaker shows  
how to avoid  
the temptation  
to place short-  
term  
performance  
before the  
health of the  
brand and,  
instead, to  
manage brands  
strategically
