No 9 The 1968 Farmington

The Farmington Mine disaster was an explosion that happened at approximately 5:30 a.m. on November 20, 1968, at the Consol No. 9 coal mine north of Farmington and Mannington, West Virginia, United States. The explosion was large enough to be felt in Fairmont, almost 12 miles away. At the time, 99 miners were inside.

One of Consol's larger mines of the 20th century was No. 9 at Farmington, Marion County, which is about 7 miles from my home. On 20 November 1968, 99 men were working the cat-eye (midnight) shift. At 5:30 AM, the west side of the mine exploded. In ensuing days, there were more explosions. 21 miners escaped. 78 died.
