At 34 years of age, Gregory Howe quit teaching in London to chase his childhood dream of becoming a world-ranked tennis professional. He started his year-long journey in the minor leagues, playing across four continents, as far afield as Bangkok, Kampala and Lahore, initially struggling against younger, fitter aspiring pros. Breaking through to the elite ATP tour, he got within volleying distance of some of the greats of the modern game. Eventually, he managed to juggle competing on the ATP tour with holding down a nine-to-five job. Along the way he encountered almost everything the tennis world has to offer, from rising stars racing to the top, to players whose hopes are slowly being shattered. *Chasing Points: A Season on the Pro Tennis Circuit* offers a rare behind-the-scenes glimpse into the life of a touring tennis professional from the perspective of a real 'underdog'.

The great novel of the Philippines In more than a century since its appearance, José Rizal's *Noli Me Tangere* has become widely known as the great novel of the Philippines. A passionate love story set against the ugly political backdrop of repression, torture, and murder, "The Noli," as it is called in the Philippines, was the first major artistic manifestation of Asian resistance to European colonialism, and Rizal became a guiding conscience—and martyr—for the revolution that would subsequently rise up in the Spanish province. This monograph contributes to the scientific misconduct debate from an oblique perspective, by analysing seven novels devoted to this issue, namely: *Arrowsmith* by Sinclair Lewis (1925), *The affair* by C.P. Snow (1960), *Cantor's Dilemma* by Carl Djerassi (1989), *Perlmann's Silence* by Pascal Mercier (1995), *Intuition* by Allegra Goodman (2006), *Solar* by Ian McEwan (2010) and *Derailment* by Diederik Stapel (2012). Scientific misconduct, i.e. fabrication, falsification, plagiarism, but also other questionable research practices, have become a focus of concern for academic communities worldwide, but also for managers, funders and publishers of research. The aforementioned novels offer intriguing windows into integrity challenges emerging in contemporary research practices. They are analysed from a continental philosophical perspective, providing a stage where various voices, positions and modes of discourse are mutually exposed to one another, so that they critically address and question one another. They force us to start from the admission that we do not really know what misconduct is. Subsequently, by providing case histories of misconduct, they address integrity challenges not only in terms of individual deviance but also in terms of systemic crisis, due to current transformations in the ways in which knowledge is produced. Rather than functioning as moral vignettes, the author argues that misconduct novels challenge us to reconsider some of the basic conceptual building blocks of integrity discourse. Brielle was having one of the worst days ever. She had just lost her scholarship—with it her room at the school dormitory—and was about to face the wrath of her mother. It was probably fate that brought Infinite Chase, her favorite band in the world, to her town that day to perform live. Could it also be fate that Kyle Yves, the band's lead singer and the boy she was in love with, picked her to sing a duet with him on stage and that she somehow got the chance to live with the band as their new band manager? She has been given every chance to turn the worst day ever around. All she had to do was take a chance on fate. Will she take it?

Brad Smith, a "funny, poignant, evocative" (Dennis Lehane) crime novelist, debuts a new series set in upstate New York featuring jack-of-all trades, Virgil Cain, who must clear his name of two murders while on the run from the law in this spirited country noir. Mickey Dupree is one of the most successful criminal attorneys in upstate New York, having never lost a capital murder case. That is the upside of being Mickey. The downside: Mickey has a lot of enemies and one of them drives the shaft of a golf club through his heart, leaving him dead in a sand trap at his exclusive country club. The cops, led by a dim-witted detective named Joe Brady, focus their attentions on Virgil Cain. Just two weeks earlier Virgil told a crowded bar that "somebody ought to blow Mickey's head off," after the slippery lawyer earned an acquittal for Alan Comstock, the man accused of murdering Virgil's wife. Comstock, a legendary record producer, gun nut, and certifiable lunatic, has returned to his estate, where he lives with his wife, the long suffering Jane. It appears to Virgil that the fix is in when Brady immediately throws him into jail with no questions asked. In order to set things right, Virgil escapes from jail, determined to find Mickey's killer himself. Aside from a smart and sexy detective named Claire Marchand, everybody is convinced that Virgil is the culprit. When Alan Comstock is discovered with six slugs in his body the day after Virgil's escape, his guilt is almost assured. Now it is up to Virgil to convince everyone of his innocence—by finding the killer before he winds up as the next victim.

José Protasio Rizal Mercado y Alonso Realonda (June 19, 1861 - December 30, 1896) was a Filipino nationalist and polymath during the tail end of the Spanish colonial period of the Philippines. He is tagged as the national hero (pambansang bayani) of the Filipino people. An ophthalmologist by profession, Rizal became a writer and a key member of the Filipino Propaganda Movement, which advocated political reforms for the colony under Spain. He was executed by the Spanish colonial government for the crime of rebellion after the Philippine Revolution, inspired in part by his writings, broke out. Though he was not actively involved in its planning or conduct, he ultimately approved of its goals which eventually led to Philippine independence.

Filipino national hero Jose Rizal wrote *The Social Cancer* in Berlin in 1887. Upon his return to his country, he was summoned to the palace by the Governor General because of the subversive ideas his book had inspired in the nation. Rizal wrote of his consequent persecution by the church: "My book made a lot of noise; everywhere, I am asked about it. They wanted to anathematize me ['to excommunicate me'] because of it ... I am considered a German spy, an agent of Bismarck, they say I am a Protestant, a freemason, a sorcerer, a damned soul and evil. It is whispered that I want to draw plans, that I have a foreign passport and that I wander through the streets by night ..."

Although verbal learning offers a powerful tool, Mayer explores ways of going beyond the purely verbal. Recent advances in graphics technology and information technology have prompted new efforts to understand the potential of multimedia learning as a means of promoting human understanding. In this second edition, Mayer includes double the number of experimental comparisons, 6 new principles - signalling, segmenting, pertaining, personalization, voice and image principles. The 12 principles of multimedia instructional design have been reorganized into three sections - reducing extraneous processing, managing essential processing and fostering generative processing. Finally an indication of the maturity of the field is that the second edition highlights boundary conditions for each principle research-based constraints on when a principle is likely or not likely to apply. The boundary conditions are interpreted in terms of the cognitive theory of multimedia learning, and help to enrich theories of multimedia learning.

With *Dusk* (originally published in the Philippines as *Po-on*), F. Sionil Jose begins his five-novel Rosales Saga, which the poet and critic Ricaredo Demetillo called "the first great Filipino novels written in English." Set in the 1880s, *Dusk* records the exile of a tenant family from its village and the new life it attempts to make in the small town of Rosales. Here commences the epic tale of a family unwillingly thrown into the turmoil of history. But this is more than a historical novel; it is also the eternal story of man's tortured search for true faith and the larger meaning of existence. Jose has achieved a fiction of extraordinary scope and passion, a book as meaningful to Philippine literature as *One Hundred Years of Solitude* is to Latin American literature. "The foremost Filipino novelist in English, his novels deserve a much wider readership than the Philippines can offer."--Ian Buruma, *New York Review of Books* "Tolstoy himself, not to mention Italo Svevo, would envy the author of this story."--*Chicago Tribune*

This second book in Mr. Amari Soul's "Reflections Of A Man" series (following the release of the inspirational best seller "Reflections Of A Man") will help you to get past your pain, get rid of the self-doubt and help you to see yourself in a new light... a light which illuminates through all of the darkness and shines through to the Beautiful, Strong Woman inside of you.

The Digby Play of Mary Magdalene is a rare, surviving example of the Middle English saint play. It provides a window on the deep embedding of biblical drama and performance in late medieval devotional practices, social aspiration and critique, and religious discourses. Fully annotated and extensively glossed, this edition adds to the METS Drama series an essential resource for the study of late medieval English religious drama.

Poland is celebrated internationally for its rich and varied performance traditions and theatre histories. This groundbreaking volume is the first in English to engage with these topics across an ambitious scope, incorporating Staropolska, the Polish-Lithuanian Commonwealth, the Enlightenment and Romanticism within its broad ambit. The book also discusses theatre cultures under socialism, the emergence of canonical practitioners and training methods, the development of dramaturgical forms and stage aesthetics and the political transformations attending the ends of the First and Second World Wars. Subjects of far-reaching transnational attention such as Jerzy Grotowski and Tadeusz Kantor are contextualised alongside theatre makers and practices that have gone largely unrecognized by international readers, while the participation of ethnic minorities in the production of national culture is given fresh attention. The essays in this collection theorise broad historical trends, movements, and case studies that extend the discursive limits of Polish national and cultural identity.

Over the past eight years, Lori Nix (born 1969) has created meticulously detailed model environments and then photographed them--locations within a fictional city that celebrate modern culture, knowledge and innovation. But her monuments of civilization are abandoned, in a state of ruin where nature has begun to repopulate the spaces. "I am fascinated, maybe even a little obsessed, with the idea of the apocalypse. In addition to my childhood experiences growing up with natural disasters in Kansas, I also watched disaster flicks in the 1970s. Each of these experiences has greatly influenced my photographic work." Nix considers herself a "faux landscape photographer" and spends months building the complex spaces before photographing them. As critic Sidney Lawrence wrote in "Art in America" "Oddly endearing, terrifying and often electrifyingly plausible, [Nix's tableaux] prod us to ponder the fact that, like it or not, our fate is uncertain."

When Animals Dream

Classic story of the last days of Spanish rule in the Philippines.

A spellbinding look at the philosophical and moral implications of animal dreaming Are humans the only dreamers on Earth? What goes on in the minds of animals when they sleep? When Animals Dream brings together behavioral and neuroscientific research on animal sleep with philosophical theories of dreaming. It shows that dreams provide an invaluable window into the cognitive and emotional lives of nonhuman animals, giving us access to a seemingly inaccessible realm of animal experience. David Peña-Guzmán uncovers evidence of animal dreaming throughout the scientific literature, suggesting that many animals run "reality simulations" while asleep, with a dream-ego moving through a dynamic and coherent dreamscape. He builds a convincing case for animals as conscious beings and examines the thorny scientific, philosophical, and ethical questions it raises. Once we accept that animals dream, we incur a host of moral obligations and have no choice but to rethink our views about who animals are and the interior lives they lead. A mesmerizing journey into the otherworldly domain of nonhuman consciousness, When Animals Dream carries profound implications for contemporary debates about animal cognition, animal ethics, and animal rights, challenging us to regard animals as beings who matter, and for whom things matter.

One of the most influential schools of classical philosophy, stoicism emerged in the third century BCE and later grew in popularity through the work of proponents such as Seneca and Epictetus. This informative introductory volume provides an overview and brief history of the stoicism movement.

Noli Me Tángere, or the Noli, by Philippine National Hero José Rizal has moved readers and influenced the country since it was first published near the end of the 19th Century. In this edition, the epic story is shared--retaining all of the essential elements and characters from the text of the Spanish original--in a shortened version in modern English with an introduction and notes by Nicholas Tamblyn. It contains a full list and descriptions of the characters, the originals and translations of Rizal's quotation and dedication, as well as a lengthy introduction that explores Rizal's life and the book's place in the Philippines' history. Please note that, in addition to the regular paperback, a Large Print edition of this book is also available on Amazon. Born of a specific and turbulent time, the interweaving events that comprise the Noli's narrative are timeless. In short, it is a love story, and the depiction of a society steeped in corruption and, to a degree, a resignation or, worse, a hypocritical acceptance of this state of affairs. By showing the abuse of power by friars and Spanish officials, in Spain's only colony in Asia towards the end of the 19th Century (the novel was self-published in March 1887 in Berlin, financed by the author's friend Dr. Maximo Viola), as stated in his dedication Rizal intended to "raise a part of the veil that covers the evil," while also acknowledging that, as a child of his country, he saw that "I also suffer from your defects and weaknesses." The title, Latin for "touch me not"--in the Bible, at John 20:17, a resurrected Jesus tells the astounded Mary Magdalene: "Touch me not; for I am not yet ascended to my Father" (also translated as "don't touch me," in the original Koine Greek it is nearest to "cease holding on to me")--likely refers to and is a telling injunction to anyone, especially those thought holy or incorruptible, who through their deceit or brutality is a cause of suffering in others. A unique and unforgettable classic unlike any other Filipino book, and still at the height of its country's fiction (no other novel can claim its place in Filipino literature), this Noli Me Tángere English version captures the passion of its rare historical fiction and classical romance, and the vital artistic achievement of its author José Rizal, National Hero of the Philippines.

José Rizal has a good claim to being the first Asian nationalist. An extremely talented Malay born a hundred years ago in a small town near Manila, educated partly in the Philippines and partly in Europe, Rizal inspired the Filipinos by his writing and example to make the first nationalist revolution in Asia in 1896. Today the Philippines revere Rizal as their national hero, and they regard his two books, The Lost Eden (Noli Me Tangere) and The Subversive (El Filibusterismo) as the gospel of their nationalism. The Subversive, first published in 1891, is strikingly timely today. New nations emerging in Africa and Asia are once again in conflict with their former colonial masters, as were the Filipinos with their Spanish rulers in Rizal's day. The Subversive poses questions about colonialism which are still being asked today: does a "civilizing mission" justify subjection of a people? Should a colony aim at assimilation or independence? If independence, should it be by peaceful evolution or force of arms? Despite the seriousness of its theme, however, The Subversive is more than a political novel. It is a romantic, witty, satirical portrait of Spanish colonial rule in the Philippines at the end of the nineteenth century, written in the tradition of the great adventure romances. The translation by Leon Ma. Guerrero, Philippine ambassador to the Court of St. James, conveys the immediacy of the original, and makes this important work available to a new generation of readers. His translation of The Lost Eden is also available in the Norton Library.

This sermon grew out of John 20:15: "Supposing him to be the gardener." Spurgeon used an extensive well-tended garden as a setting for this discourse, probably Dr. Bennet's large garden in Mentone, which Spurgeon frequently visited. When Jesus Christ is the gardener of creation it leads to many inferences: it spurs people to their duties, it relieves people from responsibilities they should never assume, it delivers people from fears, it is a warning for the careless, it is a calming influence to those who complain and lastly it is an outlook full of hope. Spurgeon said he is "hoping that I may open many roads of meditation for your hearts . . . to indicate in which direction you may look for a vein of precious ore." This sermon has been updated to modern language.
