A Commentary on the Book of Revelation - Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation. To understand this controversial book, the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel, Ezekiel, and others. It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible. The commentary can be used in conjunction with a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1,000 slides.

Revelation: An Apostolic Commentary is a detailed journey through the Apostle John's vision as given to him by the glorified Jesus Christ while in exile on the island of Patmos. The book uses a variety of methods to unlock some of the mysteries surrounding the apocalyptic language that permeates the prophetic book in order to give a realistic view of what should be a timeless and encouraging message to Christians around the world. In this book, the author explores such subjects as the purpose of the letters to the seven churches in Asia Minor, the series of judgments as portrayed by seals, trumpets and bowls, the character and career of the foretold Antichrist, and the eventual victory of Jesus Christ, the King of kings and Lord of lords over the determined opposition of Satan and his legions. The overall message reverberating throughout the book serves to encourage the saints of God, both young and old, to persevere through life's circumstances and trials, no matter how dire, receiving the ultimate prize awaiting all who 'endure unto the end'.

Tactics and Strategies for the Famine discusses global issues, particularly national and global economics and the worldwide recession, from a biblical perspective, and from that point they remain real, current, and relevant, but not devoid of hope. This book allows readers to see things from a different angle and lets them know that hope, change, and viable solutions are within reach. This book contains simple language to explain the otherwise daunting topics while providing scriptural references.

Throughout the centuries churches all over the world have confessed their faith in the words of The Apostle's Creed. The Creed is a brilliant summary of the essence of biblical truth. But, as this book shows, the Creed is not just a dry statement of abstract doctrines. It is an expression of passion. As they composed the Creed, the earliest Christians were giving voice to their passion for the God who has made himself known in the person of Jesus Christ. The Creed stands as an invitation to believers of every generation to that same passionate commitment which has marked our predecessors in the faith. This book expounds the Creed phrase by phrase, and seeks at every point to apply its teaching to the life of believers in the world of today. Taking the Creed as his starting point and framework, Jonathan Bayes presents a wide-ranging account of Christian theology. His reflections on the Creed lead to some challenging and stimulating meditations on various aspects of biblical teaching.

Apostolic Perspective of Systematic Theology delves into the major doctrines that formulate the Christian belief, explained from an Apostolic point of view. The book explores various facets of theology, including God and the Godhead, man and sin, angels and demons, covenants and dispensations, and last things. It compares through study of the Scriptures in both testaments to arrive at a reasoned argument for stances on various subjects as salvation, the nature of the Godhead, the deity of Christ, and the inerrancy of the Bible. The purpose of the book is to instill a love of study for the serious Bible student that compels the reader to apply sound hermeneutical principles in defense of the hope that lies within the believer. As there is no premium on ignorance of the principles that lie within the Word of God, the author compares each facet of doctrine while building a comprehensive system of theology that can stand against the face of higher criticism and doctrinal error, providing the reader with a reasonable explanation of what is most precious to all Christians – one's own faith.

Jesus Christ is a light that will reveal salvation to the nations... So wrote Luke, the only Gentile writer found in the New Testament Scriptures. Luke saw in Jesus Christ the fulfillment of Isaiah's prophecy: "Arise! Shine! Your light has come, and the glory of the Lord has dawned. Nations will come to your light, and kings to the brightness of your dawn." In clearly described themes, Luke takes his readers on a journey of discovery, finding in Jesus Christ, not only the light for Israel, but for people of all nations of the world. "The book you hold in your hands is no dry seminary text, nor is it a feel-good self-help devotional. There is a wealth of information here, presented in a clear and accessible writing style that makes this commentary a great read for new believers and seasoned theologians alike. Luke's Gospel is examined not in a vacuum, but in the context of the totality of Scripture where frequent references to supporting verses serve as road signs, assuring the reader that he is on the right road. This commentary informs and delights!"

The Great Pyramid--mysteries abound . . . For example: Why was the subterranean chamber apparently abandoned and yet it is larger than the Queen's Chamber and the King's Chamber combined? Why is there a pit in the floor of the subterranean chamber, and why does the narrow passage that snakes south off the subterranean chamber come to a sudden end after 53 feet? Why was sand from the Sinai hidden behind the wall of the horizontal passage to the Queen's Chamber, and why is there a sudden drop in that passage? Why was the Grand Gallery built so large in comparison to the ascending passage, and why are the slots in the ramps of the Grand Gallery empty? Why was the antechamber to the King's Chamber built with both limestone and granite blocks, and what purpose could the so-called Granite Leaf have served? Egyptologists, pyramidologists, and others outside these two camps have attempted to explain such anomalies. Their theories are examined and compared to a new vision that answers not just some of the questions about the Great Pyramid but all of them as revealed in Books Written in Stone: Enoch the Seer, the Pyramids of Giza, and the Last Days.

The Holy Spirit at work The Gospel is spreading In this powerful narrative, Luke records specific historical events marking the crucial moments of transition from Jesus' physical departure from earth (ascension) to the coming of the Holy Spirit to earth, focusing on the commission of the apostles and the beginning of the ministry of the Church of Jesus Christ in spreading the Gospel beyond Jerusalem to the ends of the world. Luke outlines an investigative historical narrative, detailing the works of the Holy Spirit through the apostles – primarily Peter, Stephen, and Paul. Although Luke's narrative was addressed to an individual Acts 1:1, it is equally relevant to the Church of Jesus Christ across the ages. This verse-by-verse devotional study, complete with engaging commentary and practical life applications, will renew your appreciation of the grace of God in your own life and challenge you to pursue a closer walk with Christ. As you embark on this journey, surrender yourself to the living Word of God to inspire you to share the fundamental message of the gospel with others: we are reconciled to the Father not by our works, but only by the sacrifice of Jesus Christ. This extensive Devotional Commentary candidly addresses various controversial issues and offers challenging devotional thoughts and precepts, assuring the redeemed and warning the unsaved about the unchanging Truth of God's Holy Word. May we heed the words of Christ and open our ears to "hear what the Spirit says to the churches."

The Honest Truth

Revelation: Tribulation and Triumph

Apostolic Perspective on Systematic Theology

The book was born out of a desire to lift your spirit. As we look around us today, we see a lot of pain and sorrow and misery. The concept of "The Nature of God's Divine Redemption" is a deliberate intention to encourage you and to lift your hope, to put you on something better and a superior way. The book tells you, "If the son of man set you free, you are free indeed" (John 8: 36 James Bible). That is what "The Nature of God's Redemption" is about. We are told that whatsoever a man thinks in his heart, he will do. The idea behind the book is to help you to think good thoughts and to lift your minds from horizontal things to vertical things.

God's love is the most amazing thing. The book tells that faith is also amazing. "It takes far more faith to believe in the intellectual and fashionable evolutionary myth than it does to believe in the existence of God." Moreover, it says, "Evolution is based on faith because no facts or proof have ever been found to support it!" Faith does play a primary role in the life of a Christian person who truly wants to seek God and learn to please Him, Hebrews 11:6 tells us that: "But without faith it is impossible to please God: for he that cometh to God must believe that He is and that He rewards them that diligently seek Him" Faith is essential for a Christian. In fact, without it, no one can please God. Notice this verse says that those seeking God "must believe that He is." The book articulates that "a deep belief in God, who 'rewards' all who 'diligently seek Him, requires proof of His existence." It says "After proof has been established, then—and only then can one have faith—absolute confidence that what man does is being seen by God's mind, to be remembered when he receives his reward." If you are uncertain that God exists because proof of that existence has not been firmly established, then, under fire, your faith will wane or disappear. But when you truly believe in what Jesus Christ taught at the Cross of Calvary, God's Divine love will redeem you and set you free from the heavy load of sin.

Romans is a missional document. Yet, strangely, while many recognize the missional aspects of Romans, few monographs are devoted to unpacking Romans from a missional perspective. Romans and the Mission of God does this very thing. Part one explores the background of the letter with an eye to positioning Romans in the story of the mission of God, the apostle, the Roman world, and the early church. Part two considers how Romans is a contextually shaped presentation of the gospel. A range of other aspects of the letter which Paul shapes his message for the Romans are explored including salvation history, metaphors and rhetorical techniques. Part three delves into issues that arise in Romans that are important for contemporary mission. These include such things as the scope of the mission, the gospel as the power of salvation, who does evangelism, the miraculous, social justice, ecology, social transformation, generosity and hospitality, God's sovereignty and human volition, prayer, the State, culture, Israel, apologetics, and theological thinking. This is a must-read for those serious about Paul, Romans, and God's mission.

This book tells how I represented myself (with no law degree) to the Supreme Court of the United States to show how there was nothing to prove that I was the person that I was alleged to be. It also tells how everyone kept passing the buck and didn't want to investigate my case, or listen to anything that I had to the Supreme Court of the United States. It's all good. The opposing side never gave me a run for my money or challenged anything that I presented to any court. This book is one of the many commentaries on the book of Acts. In other words, it does not deal with a unique topic but one that borders on banality, yet of utmost importance. Without doubt, it will suffice its role of moving one step closer to a complete understanding of the complex picture that Luke drew. This commentary has been written by two Asian scholars with different theological backgrounds and thus will provide an unprecedented perspective. This commentary pays attention to the historical background and to the narrative, theological, and rhetorical texture of the text in Acts. In particular, the periodical essays at the end of sections or chapters--"Fusing the Horizons"--reflect on what the text means for the new covenant community in terms of its theological message, application, and community and spiritual formation. This is one of the many notable characteristics of this commentary. Moreover, this is an approachable and readable commentary by anyone who is interested in Acts.

Correcting the Church In his first epistle to the Corinthian Church the apostle Paul confronted the immorality, doctrinal confusion, and frequent disputes that had become commonplace among the Corinthian believers. Paul's message to this church was simple yet powerful: Consider the values of Christ's redemption and realign your thinking with God's instructions. Although this letter was written to correct, admonish, instruct, and encourage the early church, they are just as relevant to us today. This verse-by-verse devotional study, complete with engaging commentary and practical life applications, will challenge you to pursue a closer walk with Jesus Christ and grow in the faith.

Obedience is absolute! Our studies and our experiences make our knowledge and with them we develop the facts of our lives. Our faith must be with works. "Even so faith, if it hath not works, is dead, being alone." (James 2:17) One cannot worship without gifts to God. We are all one in Christ. We have freedom of choice. Our lives must be changed.
