### **Prentice Hall Mathematics: Algebra 1: Allan E. Bellman ...**

I prefer a book like Algebra:  
Structure and Method, Book 1 or  
Modern Algebra - Structure and  
Method: Book One. These books  
go in order and present one idea at  
a time. The Prentice Hall book, on  
the other hand, mashes up three  
ideas into one section and assumes  
that students know stuff they can't  
possibly know. For example:  
Section 3.3: Hi kids!
