The Christian tradition offers a compelling vision of what it is for human life to be lived well. This collection articulates various aspects of that vision in ways that will deepen understanding of virtue formation. The contributors demonstrate that moral philosophy not only illuminates, but can also inspire the formation of virtue.

We all have "messes" in our lives. Some are big ones, and some are small ones. Some we make with our choices, some are made for us by others or by sickness. This book is the result of the "mess" I created with my sin. I found my life turned upside down. I was locked up in prison without my freedom, I disgraced my family, I drove my friends away, and I had lost my job. I hit bottom, and I finally realized that I needed a savior. I cried out to God to take back control over my life. Once I did that, I needed a place to start, and God lead me straight to His word. The devotions you will find on the pages of this book are the very words God gave me, as He gave them to me. They are His messages of hope and salvation to a hurting child that He loves. He carried me through that season of my life. No matter what it is you are going through in your life, as you read the pages of this book, you will feel the overwhelming love and care Jesus has for you. Day after day, the words He shares with you will heal you and clean up those messes you made by doing it without Him. God will get so much glory as we walk together watching Him turn your messes into His messages. He did it for me, I

Know He will do it for you too.

Often called "minor prophets," these first great classical prophets spoke to issues that dominated their times--love, redemption, fidelity, renewal, authority, justice, righteousness, and inclusivity--and that continue to have great relevance today. Books in the Westminster Bible Companion series assist laity in their study of the Bible as a guide to Christian faith and practice. Each volume explains the biblical book in its original historical context and explores its significance for faithful living today. These books are ideal for individual study and for Bible study classes and groups.

"A collection of previously unpublished pieces by 32 of today's most prominent writers on their thoughts about biblical passages they find personally meaningful, in a volume that includes contributions by such figures as Edwidge Danticat, Tobias Wolff and Ian Frazier,"--Novelists. The profound and revered religious and spiritual pathways of Judaism, Buddhism, Tantra and Vedanta all grace the pages of this issue of Nectar of Nondual Truth with their simultaneous and sententious yet congenial teachings, revealing anew and for our highest benefit the timeless honored principle of Universalism. As my own guru has stated via powerful discourse, as contained within these pages: "The harmony of religions cannot be preached by any teacher who is exclusive, who is dualistic in frame of mind and in philosophy of life." Therefore, the advent of Advaita Vedanta in the West, mainly due to the work and presence of beings like Swami Vivekananda, it is time for the message of Universalism to be proposed, accepted, practiced, and realized on a wider scale so that true Peace will descend and enter the hearts and minds of living beings. Solace and Samadhi will be the welcome outcomes. Nectar of Nondual Truth leans decidedly towards a religious pluralism free of both the hypocrisy of superiority and the problem of a complacent religious discernment. That is, equality upon nonduality, combined with a tenacious scrutiny and inspection of all wisdom teachings, will ensure the vision and purity of the allimportant spiritual realm. Thus, the peoples of

world will forthwith be able to steer clear of the mistakes of the past springing from distortion of, or misunderstanding of essential and eternal spiritual principles.

Trauma is a universal phenomenon that can be caused by international catastrophes or individual, personal tragedy. Trauma is also a severely neglected topic in Christian literature, and while it can challenge someone's faith in Christ, God and the ministry of his Word is central to dealing with the emotional and psychological impact of trauma. By his Spirit, through his Word, and through his church, God is available to minister to people suffering from trauma and bring transformation to their lives. In this book, a team of experienced and informed Christian professionals from around the world promote a

deep biblical response to trauma through clinical and theological wisdom and their first-hand experience of witnessing and experiencing trauma. The contributions provide practical responses to people's trauma, rather than mere descriptions of the problems, making it an ideal resource for pastors, counsellors, humanitarian workers and students. Take No Thought

Dr. Morse comments on the so-called psalms of lamentation or sad psalms as resources for the difficult days in our life journeys. While often dark and angry and dealing with themes of suffering, sorrow, sin, repentance, and anguish, the sad psalms can be intensely personal and rewarding in dealing with life's stresses and sorrows.

Why do we do religion? Religion appears in human life because every human being, even if not fully aware of it, lives in a land of mystery with rushing rivers of freedom, imposing mountains of care, and wild seas of tranquility. This land of mystery penetrates the land of ordinary living at every point. Awe is our experience of this ever-present Eternity. This book is about how the Awe that is happening in our everyday lives is key to understanding both the renewal of Christianity and the need for non-bigoted dialogue among all religions on Earth.

The posthumous publication of Emmanuel Levinas's wartime diaries, postwar lectures, and drafts for two novels afford new approaches to understanding the relationship between

literature, philosophy, and religion. This volume gathers an international list of experts to examine new questions raised by Levinas's deep and creative experiment in thinking at the intersection of literature, philosophy, and religion. Chapters address the role and significance of poetry, narrative, and metaphor in accessing the ethical sense of ordinary life; Levinas's critical engagement with authors such as Leon Bloy, Paul Celan, Vassily Grossman, Marcel Proust, and Maurice Blanchot; analyses of Levinas's draft novels *Eros ou Triple opulence* and *La Dame de chez Wepler*; and the application of Levinas's thought in reading contemporary authors such as Ian McEwen and Cormac McCarthy. Contributors include Danielle Cohen-Levinas, Kevin Hart, Eric Hoppenot, Vivian Liska, Jean-Luc Nancy and François-David Sebbah, among others.

In this final volume of his series on preaching Christ from the Old Testament, Sidney Greidanus offers expert guidance for busy pastors on preaching Christ from Psalms. Beginning with a general introduction on how pastors can interpret and preach from the biblical psalms and why they should Greidanus proceeds by discussing twenty-two psalms in the Revised Common Lectionary, Year A, supplying the building blocks necessary to preach from Psalms at Christmas, Easter, Pentecost, and other major days and seasons of the church year. In addition to laying out basic homiletical-theological approaches suitable for each selected psalm, these chapters also provide verse-by-verse exposition, bridges to Christ in the New Testament, and ideas for placing the psalmist's words into contemporary context. - back of book.

Essays in Honor of Paul W. Meyer

Was God being ironic in commanding Eve not to eat fruit from the tree of wisdom? Carolyn J. Sharp suggests that many stories in the Hebrew Scriptures may be ironically intended. Deftly interweaving literary theory and exegesis, Sharp illumines the power of the unspoken in a wide variety of texts from the Pentateuch, the Prophets, and the Writings. She argues that reading with irony in mind creates a charged and open rhetorical space in the texts that allows character, narration, and authorial voice to develop in unexpected ways. Main themes explored here include the ironizing of foreign rulers, the prostitute as icon of the ironic gaze, indeterminacy and dramatic irony in prophetic performance, and irony in ancient Israel's wisdom traditions. Sharp devotes special attention to how irony destabilizes dominant ways in which the Bible is read today, especially when it touches on questions of conflict, gender, and the Other. Do you worry about things you cannot change? Worry is a self-created giant that has crippling side effects. It can lead to depression, mental and physical illness, and loss of family and friends. It affects everyone, regardless of race, creed, or nationality. But you can stop the cycle of worry now with Take No Thought. Dr. Preston R. Winfrey challenges you to change the way you think about life by entrusting all of your worries and fears to God. In so doing, you can be lifted from the dungeons of fear, depression, and despair. Dr. Winfrey reveals how Satan often descends upon us, putting worry into our hearts. In response, we must use the power of the Holy Spirit to turn to God in prayer during moments of worry. Using Scripture, Dr. Winfrey offers practical

suggestions to reduce and eliminate debilitating worry and anxiety. These include immersing yourself in the Bible, learning to be content with what you have, growing in your faith, and even getting a good night's sleep. Living life more abundantly can help you to regain stability when it comes to needless worry. Learn to put your trust in God's direction for your life and banish the cycle of worry. Let Take No Thought show you how.

While the Bible has been documented to be the most-published and most-sold book ever, how many people actually take the time to open, read, and study this precious gift? If we truly believe this Book is from God Himself and contains the Way of salvation, shouldn't we cherish It as the most valuable treasure we could possibly possess? With the help of the Holy Spirit, shouldn't our lives reflect the passion of these priceless Words? My granddaughter likes to wear a necklace to church, so I gave her a necklace of pearls that my wonderful son-in-law had given me upon returning from the Philippines on business. I explained to her that one day this necklace of pearls would belong to her, making them very special because they came from her Daddy. This book contains a few of the verses I love to ponder, share, and cherish. They are Pearls that my Heavenly Father gave to me, to you, and to the entire world as a message of His love and forgiveness. I want to share several of these priceless Pearls and share what each means in my life hoping to encourage you to develop your own string of Pearls. May a true passion inspire each of us not only to collect these Pearls but also to share them with the people in our lives who are in need of help and healing. By the power of the Holy Spirit, may our string of Pearls grow into a necklace of Pearls that will sustain

our faith now and throughout eternity. By the grace of God, may we pass on this priceless necklace of Pearls to future generations that they may hold God's love letters, the Bible, close to their heart resting secure in His promises now and throughout eternity.

Leo Strauss dedicated his life to rejuvenating the serious study of political philosophy. But those who study his writings are at odds on the question of what he thought about revelation. By applying Strauss's own principles of analysis to his pivotal essay 'Jerusalem and Athens: Some Preliminary Reflections,' Susan Orr reveals that Strauss's understanding of religion, contrary to what previous scholars have maintained, was more than simply political.
