Database and Integration
Service*~~SQL Server SSIS 2017
Scale Out Sql Server 2017
Integration Services~~
*Integration Services typically
stores packages in an instance
of the Database Engine and
relies on SQL Server Agent for
scheduling those packages. If
the ETL server doesn't have an
instance of the Database
Engine, you have to schedule
or run packages from a server
that does have an instance of
the Database Engine.*
