This study presents 13 articles interrogating themes likely to impinge on India ' s 15th general elections in 2009. These were written following intense discussion between the contributors and use available data as well as original data and analysis. The significance of the analyses goes beyond how much these questions find place in the campaign, or how much they would impact the electoral results. These have and would continue to be essential themes in Indian politics for some time. They would influence the country ' s politics, its leaders, parties and institutions and would be interrogated in political, policy and social science circles in the foreseeable future. They would in turn be impacted, redefined and perhaps transformed by political dynamics and social pressure. The first attempt of its kind to analyse the impact of certain emerging trends in politics on upcoming elections anywhere in the world, this book will be a useful addition to election studies and policy making in general.

The topics addressed in this book involve the major concerns in the wind power generation and wind turbine design.

8 August 1942. As Gandiji and prominent leaders are put in jail, Babu and Manju suddenly find themselves a part of the larger protests–their schools close down and their father is put behind bars. Their daring brother Mohan goes underground and the rest of the family moves to Narayanpur, a sleepy little village seemingly untouched by the turbulence in the country. But Narayanpur is seething within and it all comes to a head when a group of children dare to confront the police.

A child launches paper boats hoping someone in another country will find them.

"The Gift of the Magi" is a short story by O. Henry first published in 1905. The story tells of a young husband and wife and how they deal with the challenge of buying secret Christmas gifts for each other with very little money. As a sentimental story with a moral lesson about gift-giving, it has been popular for adaptation, especially for presentation at Christmas time.
