

Terry Wogan Is It Me Terry Wogan An Autobiography

Highlights the life and accomplishments of the young actors and actresses appearing in the new version of the musical about students at a performing arts high school in New York, including Naturi Naughton and Walter Perez.

Colin first came to Aquitaine in the southwest of France in January 1994 to start the renovation of a friend's property. This is the tale of his transition from leaving North Wales ten years later, and settling in the Dordogne department region of France. The story covers the highs-and-lows of his first twelve months as “a not very permanent resident.” He works the grape harvest with a French family near Monbazillac and at St. Emilion, learning to speak and understand the colloquial language of the area, which isn’t the French he learned at school and college, and he meets the French lady who is to become his wife. It is a story of survival and determination, told exactly as it happened.

Paperback edition. Third in a series chronicling the madcap antics of the UK’s favourite motoring writer, this volume serves as a final warning to motor industry public relations chiefs. DO NOT invite this man to your new car launches unless you have a large budget and a keen sense of humor...!

Eight million listeners to BBC Radio 2’s Wake Up To Wogan were beguiled and bewitched by the naughty but nice adventures of John and his wife Janet. In the style of children’s stories of yesteryear, John gets up to all sorts. Then he tells Janet all about his day, by which time every perfectly innocent big end, back passage and stiff one acquires a whole new meaning...

After selling over a quarter of a million recordings of their adventures, they’re now available in hard covers for the first time.

The Little Book of Common Sense

Black Lace

This book is too religious for New Agers, too occult for Christians, too numerical for spiritual seekers, too mystical for scientific types, was written by a nobody, is addressed to everybody and makes the most outrageous series of statements ever claimed as facts. So read it anyway and have your understanding of the world blown apart. The September-11 Code is two things. Firstly, it is a chronicle of one man's dramatic spiritual awakening and the education he subsequently received from angelic tutors. Secondly, it is a concise summary of the alphanumerical code he was trained to find and the devastating revelations it contains. The code is found within the NIV Bible (2001 Edition), popular culture and two world-impacting events: the terrorist attacks of September the 11th, 2001 and the funeral of Pope John Paul II in 2005. It insists that 9/11, the first major event witnessed in real time by the entire world, was nothing less than a staged drama, depicting several biblical tableaux and containing the most electrifying news of all time. The book goes on to present further devastating revelations about Karol Jozef Wojtlya and Osama bin Laden. It ends with a message to us all from Jesus Christ.

National heroes Ant and Dec are Britain's most successful television duo. This title gives readers an insight into the genuine intimacy and refreshing sense of humour that the two TV icons share.

Becoming Me is a fairytale about a girl from Sheffield. She’s statistically average, but not necessarily ordinary. Since being a young girl, she has pondered how she fits into the world, discovering herself along the way, desperate to remember who she was, not who she had become. She had conformed to the programme that her father and the rest of society had expected her to follow, and that made her ill. At forty, she emerged as a dragonfly from her old life, desperate to break free from the system and live a simple life, free of consumerism. Her dream: to be self-sustaining; tend the land and look after animals. After being made redundant from the NHS, moving a three bedroomed house into her van, she escaped to rural Portugal with her husband, never planning to return. Becoming Me is about a girl everyone can relate to, because she’s real. She still has her dream and is more determined than ever to fulfil her life’s purpose. You will cry and laugh out loud at her life’s ups and downs, in a world without mercy.

Jeremy Vine is one of the most successful broadcasters of recent years and in 2012 clocks up a quarter of a century at the BBC. In It's All News to Me, he takes a look back over his career from the very first day when he arrived at broadcasting house, (by coincidence an inauspicious news day - the fateful Black Monday of 1987.) Jeremy explains his big break as a Today programme reporter when he was fired at by a sniper during the early days of the war in Bosnia; he walks us through the corridors of Westminster in the 1990s when he was a political correspondent, trying to deal with the likes of Alastair Campbell and Peter Mandelson; he reflects on the steep learning curve that was his posting as African correspondent at the turn of the millennium; and his return to the UK where he was dubbed Paxman's "mini-me" on Newsnight. He also explains what it's like presenting Radio 2's lunchtime show and talking to 6 million listeners - people who, as he puts it "have better stories than we do." Written in Jeremy's unmistakably lively and self-deprecating voice, It's All News to Mepaints a vivid picture of what it's like to be trapped inside the BBC - arguably the most interesting organisation in the country - for 25 years. It's also about our obsession with news - just exactly how and why it happens - and the power of real life stories versus the media's desire to shape them.

Brace yourself, Clarkson's back. And he'd like to tell you what he thinks about some of the most awe-inspiring, earth-shatteringly fast and jaw-droppingly gorgeous cars in the world (alongside a few irredeemable disasters ...). Or he would, if there weren't so many things competing for his attention first. So much to get off his chest. The world according to Clarkson is a perplexing place, filled with thorny subjects like:
* The prospect of having Terry Wogan as president
* Why you'll never see a woman driving a Lexus
* The unforeseen consequences of inadequate birth control
* Why everyone should spend a weekend with a digger
Fearless, independent, surprising and laugh-out-loud funny, Driven to Distraction is full-throttle Clarkson at his best; a unique look at the joys, absurdities and frustrations of modern life. With wheels. Buckle up, get comfortable, and hold on tight. There's no one who writes about cars like Jeremy ...

Sir David Frost, who died suddenly in August 2013, was the only person to have met and interviewed every British Prime Minister since Harold Wilson as well as seven presidents of the United States. Other world leaders he interviewed included Nelson Mandela, Mikhail Gorbachev, Vladimir Putin, Henry Kissinger, Benazir Bhutto, Shimon Peres, Yasser Arafat and Benjamin Netanyahu. Many of these encounters were set amid the turbulence of world events with the interviews becoming defining moments of history themselves. And yet there was so much more than politics: Frost's interviews saw him lock horns with film stars, royalty, musicians, comedians, authors and sporting heroes. His range was unique and extraordinary and is unlikely ever to be equalled. From his humble background as the son of a Methodist minister, through his defining years at Cambridge and then quickly onwards through the 1960s to when Frost became the most successful TV host in the world, his work defined the mood of the moment. During that period, Frost didn't just report the news, he made the news. This would be a trait he carried throughout his life and career. Frost is an epic story of personal achievement set amidst a rapidly changing world, encountering the great and the good that have dominated news and entertainment over the last 50 years.

Terry Wogan was one of Britain's best-loved radio and television celebrities witty, charming and relaxed and undoubtedly captured the nation's heart. Here, Terry tells his life story from his beginnings as a young Limerick boy to his incredible success as an enduring celebrity with shows such as Wogan and The Eurovision Song Contest. Is It Me? is written in Terry's own inimitable style, with self-deprecating humour and a wry take on everyday life. The story is a delightfully observed, light-hearted journey through Terry's personal and professional lives. After reluctantly starting his career in banking, Terry escaped to make a sucessful break into broadcasting with RTE. Fronting Children in Need, Wogan and The Eurovision Song Contest and collecting millions of listeners to his morning BBC 2 radio show, Wake Up To Wogan, he is now the most prolific and popular presenter at the BBC. I am sure it's a challenging read' Sir David Frost 'I don't remember him' Jimmy Young

Unadulterated Wogan - the voice of sanity in a world gone gently mad. Until recently, eight million people improved their mornings by tuning into Terry's words of wisdom on Wake up to Wogan. But was their appetite sated by this daily exposure? Not in the slightest. So it's lucky that Terry has been known to turn his hand to the odd bit of writing. This has allowed him to shed light on such weighty matters as how to survive a wedding, what Bank Holidays are for, why Eurovision could be responsible for the Celtic Tiger, whether we should watch out for potatoes, and where exactly it all went pear-shaped... WHERE WAS I? gives his devoted followers exactly what they want - the unadulterated, inimitable Wogan viewpoint; a droll, forthright voice of sanity in a world gone gently mad (or is it them?). Like his broadcasting, his writing is an effortless flow of easy wit and sage opinion. WHERE WAS I? builds up a picture not only of Terry's world, but of Terry himself - a man who somehow manages to be off the wall and on the money all at the same time.

Those Were the Days

The Tracks of My Years

Wogan brings to the reader a wry take on everyday life, mixed with a self-deprecating humour, as he describes both his personal and professional life.

Sir Terry Wogan shares his opinion on just about everything from money, relationships, manners, fame, to life in general. This little work is designed to bring you back, again and again, to refresh your view and attitude to life, living and everything in between. You will find no easy answers to your dilemmas here, rather an alternative view of how to approach them. Or to be honest, just Sir Terry's view. You never know, you might even agree with him... THE LITTLE BOOK OF COMMON SENSE covers Sir Terry's views on: Life: One day at a time. But look where you're going. Particularly on a bike... Talk: Keep it short and to the point. You don't want people to think you're a politician. The most popular person at a party is the good listener. Particularly at an Irish party. Money: Save or spend? Risk is for derivative and hedge-fund wonks. And it's not their money, anyway. Hold on to your hard-earned ha'pennies - your children are going to need them. And everything else in-between...

The book covers the life and times of Terry Dobson... As the drummer of chart topping band Black Lace, Terry toured extensively throughout the UK, Europe and the former Iron Curtain countries during 1969-1980.UK TV appearances include,Top of the Pops Juke box Jury, Noel Edmonds Swap Shop,the BBC's Nationwide news program and the making of the bands first pop video as prequel to the 1979 Eurovision song contest... Terry has appeared in numerous TV pop shows throughout Europe.Spain, Bulgaria, France, Denmark, Poland, East & West Germany and the Shetland Isles.Terry talks about his early school days, life on a large council estate, playing drums in working mens clubs and summer seasons in Skegness and Filey 1976 & 1977...also performances with the stars of the day during his semi professional and professional career...and the effect playing in a band had on his family. Love, lust and the meeting and divorce of 3 wives... his lovely children, Helen, Kerry, Warren, and Ashley...the sad death of his partner, the raising of his youngest son Liam, now aged 7...but just a few days away from his 4th birthday when his mummy, Tricia, tragically died as a result of an asthma attack on one of the hottest days in July 2006 aged just 47. The good and bad times, the happy and the sad...The success of Black Lace the band and phenominal success of the Black Lace duo.Terry's time playing the drums in other semi and professional bands, the sad deaths of Alan Barton (Black Lace & Smokie).Mick Brassington (Method & Stormer) Richard Chappell (former Wakefield theatre club lighting man), and roadie for all the bands Terry has worked with. Also with very little information to hand Terry records the events leading up to a very long and frustrating search for his biological father.

On Sunday, 31 January 2016 a nation used to waking ‘up to Wogan’ on his Radio 2 breakfast show instead awoke to the shocking news that Sir Terry Wogan had passed away at the age of seventy-seven. One of Britain’s most-loved broadcasters, Terry Wogan had been a fixture on the airwaves for over five decades with his dry, laconic wit and commentary making him instantly recognisable to his legions of fans. Hosting a number of radio shows for the BBC over the years, including Weekend Wogan right up until November 2015, Wogan broadcast to a record-breaking 8 million listeners at his peak, winning numerous popularity polls over the course of his career. Not content with ruling the airwaves, his long-running talk show Wogan is now the stuff of TV legend, as are his sardonic observations on the Eurovision Song Contest which made him the face of Eurovision to many, even today. But perhaps his most important contribution to British society, and the one of which he was most proud, was his work with Pudsey the Bear to raise an astounding ?600 million for Children in Need since he presented the very first show in 1980. Author Emily Herbert draws on the reminiscences of many famous friends and colleagues to create an authoritative and entertaining tribute to one of the funniest, most lovable and prolific broadcasters of all time.

The Authorised Biography

Why exactly would a nationally successful stand up comedian chuck in the exhilaration and freedom of life on the road for endless Coldplay singles, arguments with BBC management, incredibly expensive coffee, and an alarm clock set to 4:30am, five days a week? When the BBC

decided to launch a brand new digital radio station that would play alternative music for truly passionate music fans, their first port of call was to elicit the services of Phill Jupitus. With a record collection that ran the gamut from calypso to techno, and a love of radio inspired by his childhood hero John Peel, Phill seemed the perfect choice to launch 6 Music. Phill readily accepted, determined to do something different with such an unexpected yet brilliant opportunity. Little did he know what lay ahead. With the weighty advice of such broadcasting behemoths as Terry Wogan, Steve Wright and Tony Blackburn ringing in his ears, Jupitus tried to shake up the world of breakfast radio for the better one tune at a time. In Good Morning Nantwich, Phill Jupitus not only discovers the answer but finds out what really makes the listening nation tick first thing in the morning.
