Discover the history of the Museum and what unusual and unique things Walter Rothschild collected, including skulls to animals in alcohol. Get inspired and craft your very own Museum to take home. Suitable for ages 5+

Cabinets of Curiosities | Natural History Museum

Cabinets of curiosities were collections of notable objects. The term cabinet originally described a room rather than a piece of furniture. Modern terminology would categorize the objects included as belonging to natural history, geology, ethnography, archaeology, religious or historical relics, works of art, and antiquities. The classic cabinet of curiosities emerged in the sixteenth century, although more rudimentary collections had existed earlier. In addition to the most famous and best docu
