Buy The Informatics Handbook: A Guide To Multimedia Communications And Broadcasting (Telecommunications Technology & Applications Series) 1996 by S.A. Fist (ISBN: 9780412725302) from Amazon's Book Store. Everyday low prices and free delivery on eligible orders.

The Informatics Handbook: A Guide To Multimedia ...

You could refer to it as a guide for the Information Super Highway, but this would be pretentious. It aims to cover most of the more important terms and concepts in the developing discipline of Informatics - which, in my definition, includes the major converging technologies, and the associated social and cultural issues.

The Informatics Handbook | SpringerLink

The Informatics Handbook is designed to be a ready guide to the converging technologies of information technology, telecommunications, broadcasting and multimedia production. The book provides comprehensive coverage of all these areas, with much more detailed information than is found in a conventional dictionary.
