*The New Microfinance Handbook reflects this challenge. It moves beyond the original Microfinance Handbook's focus on retail microfinance to deal with the imperative of understanding and strengthening the wider financial ecosystem, which is essential to making financial markets genuinely work

The New Microfinance Handbook - World Bank
The New Microfinance Handbook takes a market systems approach to financial inclusion, oriented by client needs. Framing the book with the client as the central element recognizes the emerging awareness that financial needs of the poor are many and are provided by multiple market players beyond the scope of any single institutional form.

The New Microfinance Handbook: A Financial Market System ...
Handbook of Microfinance addresses the gap between clients who are benefiting from access to financial services via MFIs, and the potential market, which remains underserved or untapped. This gap can be attributed to a "mismatch" between what consumers, or potential clients, demand and what MFIs offer in terms of financial products.
