The scale's split into two easy to remember patterns. On the G and D strings, the first and second fingers are a whole note apart, whilst the third finger is just a half note away. Think of this as: stretched, stretched, close. On the E and A strings, the middle finger is close to the first finger, whilst the third finger is a whole note away.

**Violin Fingering Chart - Beginner's Guide to Correct ...**

The All Notes Guide is the most popular guide of the family of finger guides. For the very beginner, the inventor recommends first purchasing either the D Major or A Major Beginner Guide. These guides align best with the most beginner method books.

**Amazon.com: Fantastic Violin Finger Guide - All Notes ...**

While the violin does not have frets like a guitar, the right note is produced if the instrument is properly tuned and the string is pressed in the right position. However, being able to press the string down in the right position all the time requires practice. A number is assigned to each of the fingers of the left hand that press the strings. The index finger is 1, the middle finger is 2, the ring finger 3, and the little finger 4.

Fretless Finger Guide for Full (4/4) Size Violin Peel it off Put it on and Play; Easy to understand color coded notes; One piece reusable clear cling vinyl violin finger... Shows first position natural violin note locations plus sharps and flats; By far the fastest and easiest way to learn... Unique ...

**Fretless Finger Guide for Full (4/4) Size Violin - amazon.com**

Violin finger charts are a helpful way to build a visual and physical memory of finger placings. Use them to learn scales and to get to grips with the pitches on each string. Then have a look at the way the notes are written on the stave. The musical stave is just another diagram, a depiction of the different sounds you will make.

**Violin Finger Charts | ViolinSchool.com**

FRETLESS FINGER GUIDES® The Guide is one piece, made of clear cling vinyl No need to loosen or remove the strings to put it on Easy on, easy off. Goes on in seconds Uses no glues or adhesives, clings to itself not to your instrument Never use sticky violin finger tapes or position marker strips ...

**Learn how to play violin with Fretless Finger Guides™**

Once you've tuned your violin, place your first finger about two inches down from the top of the fingerboard on the G string and pluck the string. Look at your tuner and move your finger around until the tuner reads A and lights up green with the tuner needle in the middle of the dial signifying that your A is in tune.

**Violin String Notes & Finger Placement for Beginners ...**

Using the first position violin fingering chart, and seven matching colored markers, any fiddle or violin song or violin scale written for first position can be color coded and numbered for use with the Fretless Finger Guide®. This exercise will accelerate the learning process for the fiddle or violin beginner. Start with easy songs and scales, and with practice you'll be able to progress to more challenging violin sheet music and fiddle sheet music.

Fantastic Finger Guides Violin Created and patented by an orchestra teacher. Designed specifically to streamline the process of learning how to play the violin. Proven in the classroom for the last three years to work better than finger tapes.

**Fantastic Finger Guides Violin for Sale Online | Kennedy ...**

There is a lot of controversy as to whether or not one should use a form of tape or guides to find the right spot to place your fingers on the violin fingerboard. The important thing whether you use a guide or not is to use your ears to fine tune intonation. Always focus on your intonation and trust your hearing more than the guide.
