Tuning the 240 for more bhp power and 240 performance increase

The 240 engines are carb fed so fitting a larger carb will increase fuelling and help with the a
Volvo 240 Intake and Exhaust. Breathing mods are usually next up. Often people fit induction
their 240 but we suggest sticking with a panel air filter as this gives a decent amount of mid
range flexibility.

Tuning the 240 for more bhp power and 240 performance increase

Back in the Seventies and Eighties, any antiques dealer or Labrador-owning country dweller would
look the part inevitably ended up with a Volvo 240 estate. Derived from the old 140 range, the
240-series featured revised styling touches and more modern engines, as well as the extra modern
MacPherson strut front suspension and rack and pinion steering.
