

Win Magazine Speciale Dicembre 2017 By Pds Scribd Com

Why President Trump has left us with no choice but to remove him from office, as explained by celebrated Supreme Court lawyer and former Acting Solicitor General Neal Katyal.

'Stand. Breathe. Look. Try to empty my mind. Somehow, for some reason, I have been brought to this place to tell this story, now. So tell it. That's all.' When Lin-Manuel Miranda's groundbreaking musical *Hamilton* opened in London's West End in December 2017, it was as huge a hit as it had been in its original production off- and on Broadway. Lauded by critics and audiences alike, the show would go on to win a record-equalling seven Olivier Awards - including Best Actor in a Musical for Giles Terera, for his portrayal of Aaron Burr. For Terera, though, his journey as Burr had begun more than a year earlier, with his first audition in New York, and continuing through extensive research and preparation, intense rehearsals, previews and finally opening night itself. Throughout this time he kept a journal, recording his experiences of the production and his process of creating his award-winning performance. This book, *Hamilton and Me*, is that journal. It offers an honest, intimate and thrilling look at everything involved in opening a once-in-a-generation production - the triumphs, breakthroughs and doubts, the camaraderie of the rehearsal room and the moments of quiet backstage contemplation - as well as a fascinating, in-depth exploration of now-iconic songs and moments from the musical, as seen from the inside. It is also deeply personal, as Terera reflects on experiences from his own life that he drew on to help shape his acclaimed portrayal. Illustrated with dozens of colour photographs, many of which are shared here for the first time, and featuring an exclusive Foreword by Lin-Manuel Miranda, this book is an essential read for all fans of *Hamilton* - offering fresh, first-hand insights into the music and characters they love and know so well - as well as for aspiring and current performers, students, and anyone who wants to discover what it really felt like to be in the room where it happened.

8 starred reviews · Goodreads Choice Awards Best of the Best · William C. Morris Award Winner · National Book Award Longlist · Printz Honor Book · Coretta Scott King Honor Book · #1 New York Times Bestseller! "Absolutely riveting!" —Jason Reynolds "Stunning." —John Green "This story is necessary. This story is important." —Kirkus (starred review) "Heartbreakingly topical." —Publishers Weekly (starred review) "A marvel of verisimilitude." —Booklist (starred review) "A powerful, in-your-face novel." —Horn Book (starred review) Sixteen-year-old Starr Carter moves between two worlds: the poor neighborhood where she lives and the fancy suburban prep school she attends. The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. Want more of Garden Heights? Catch Maverick and Seven's story in *Concrete Rose*, Angie Thomas's powerful prequel to *The Hate U Give*.

PRE-ORDER NOW - READY PLAYER TWO: THE SEQUEL _____ THE BOOK BEHIND THE MAJOR MOTION PICTURE DIRECTED BY STEVEN SPIELBERG Now available for the first time in a beautiful hardback edition, perfect for hardcore fans and collectors A world at stake. A quest for the ultimate prize. Are you ready? It's the year 2044, and the real world has become an ugly place. We're out of oil. We've wrecked the climate. Famine, poverty, and disease are widespread. Like most of humanity, Wade Watts escapes this depressing reality by spending his waking hours jacked into the OASIS, a sprawling virtual utopia where you can be anything you want to be, where you can live and play and fall in love on any of ten thousand planets. And like most of humanity, Wade is obsessed by the ultimate lottery ticket that lies concealed within this alternate reality: OASIS founder James Halliday, who dies with no heir, has promised that control of the OASIS - and his massive fortune - will go to the person who can solve the riddles he has left scattered throughout his creation. For years, millions have struggled fruitlessly to attain this prize, knowing only that the riddles are based in the culture of the late twentieth century. And then Wade stumbles onto the key to the first puzzle. Suddenly, he finds himself pitted against thousands of competitors in a desperate race to claim the ultimate prize, a chase that soon takes on terrifying real-world dimensions - and that will leave both Wade and his world profoundly changed. _____

Describes every major military campaign and victory in ancient Rome explaining what the Roman triumph really looked like and what it symbolized.

Eggs are a great source of protein and incredibly versatile. You can boil them, fry them, scramble them—the list goes on and on. It can be tough to be creative with eggs, but there really are so many different ways to make them. When it's coming to the end of the week and you still have a bunch of eggs left over from a grocery store trip, look in this book and we guarantee you'll be able to put them to good use.

Enjoy a county-by-county grand tour of England, Scotland, Wales, Ireland, the Isle of Man, and the Channel Isles. Experience all of what Britain has to offer with this guide to more than 1,000 sites -- from castles, stately homes, formal gardens, and museums to steam railways and memorabilia collections. Included is the very latest contact and price information.

A child's dream takes us on a journey through space. The child looks for a place to land while exploring each planet, but some are too hot, some are too cold, and some are just made of liquid and gas. Only planet Earth is just right. Fun rhyming text introduces children to each planet and basic facts about it. The text is accompanied by stunning images of a rocket traveling through the solar system, interspersed by close up images of each planet in order. While each planet is amazing in its own way, there is only one we can call home. If parents choose, this can be the start to a conversation about how we can take better care of our planet. A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

Known for her portraits of family, friends, writers, poets, artists, students, singers, salesmen, activists, and more, Alice Neel created forthright, intimate, and, at times, humorous paintings that quietly engaged with political and social issues. In Alice Neel, Uptown, writer and curator Hilton Als brings together a body of paintings and works on paper of African-Americans, Latinos, Asians, and other people of color for the first time. Highlighting the innate diversity of Neel's approach, the selection looks at those whose portraits are often left out of the art-historical canon and how this extraordinary painter captured them; "what fascinated her was the breadth of humanity that she encountered," Als writes. The publication, which opens with a foreword by Jeremy Lewison, advisor to The Estate of Alice Neel, explores Neel's interest in the diversity of uptown New York and the variety of people amongst whom she lived. This group of portraits includes well-known figures such as playwright, actress, and author Alice Childress; the sociologist Horace R. Cayton, Jr.; the community activist Mercedes Arroyo; and the widely published academic Harold Cruse; alongside more anonymous individuals of a nurse, a ballet dancer, a taxi driver, a businessman, and a local kid who ran errands for Neel. In short and illuminating texts on specific works written in his characteristic narrative style, Als writes about the history of each sitter and offers insights into Neel and her work, while adding his own perspective. A contemporary and personal approach to the artist's oeuvre, Als's project is "an attempt to honor not only what Neel saw, but the generosity of her seeing." This catalogue is published on the occasion of the 2017 exhibitions of Neel's paintings and drawings at David Zwirner, New York, and Victoria Miro, London.

Does Mathematical Study Develop Logical Thinking?: Testing The Theory Of Formal Discipline

When we're going through challenging times, we tend to think we're alone. In the middle of the bad times, it's difficult to see how life could ever be even just okay again, never-mind good. The purpose of this book is to provide encouragement and inspiration for those who are going through challenges from which they can currently see no relief. Reading stories of ordinary people overcoming extraordinary challenges using a technique you can use to

achieve the same results is one of the most empowering gifts you can give to yourself. "It's 2 a.m. I am in Hawaii. And I'm dying. The pain comes in my body and the voice in my mind confirms it. This is real. Cancer is real. As I look down the barrel of my own emotional gun, my mind flashes back to conversations with another practitioner when I recall saying to her of her Fibromyalgia recovery account - "It's alright for you - You've got a story! I don't have one! " Well, be careful what you ask for - because you just might get it. I'll rephrase that. Be careful what you ask for -you will definitely get it. I definitely had a story now. The question was would I live to tell it?" Foreword by Robert G. Smith (Founder of FasterEFT)

For centuries, educational policymakers have believed that studying mathematics is important, in part because it develops general thinking skills that are useful throughout life. This 'Theory of Formal Discipline' (TFD) has been used as a justification for mathematics education globally. Despite this, few empirical studies have directly investigated the issue, and those which have showed mixed results. Does Mathematical Study Develop Logical Thinking? describes a rigorous investigation of the TFD. It reviews the theory's history and prior research on the topic, followed by reports on a series of recent empirical studies. It argues that, contrary to the position held by sceptics, advanced mathematical study does develop certain general thinking skills, however these are much more restricted than those typically claimed by TFD proponents. Perfect for students, researchers and policymakers in education, further education and mathematics, this book provides much needed insight into the theory and practice of the foundations of modern educational policy.

Imperfect Tense is a meditation on language, and the poems in this collection are grounded in teaching, learning, and living between languages and cultures. Much like the imported "dragon fruit," these poems grasp displacement as opportunity; they relish in perpetual outsider-ness as a way inside a fundamentally shared human condition. The first section of three, "Imperfect Tense" is a specific meditation on Americans' pursuits of Spanish as a second language. "Past Tense" revolves around experiences as an English language and poetry teacher working with immigrant communities. Finally, "Ever Present Tense" is a meditation on the language of family.

IN A PLACE OF PEACE DURING A TIME OF WAR THE UNFORGIVEN WILL NOT GO FORGOTTEN. Edenville, 1940. In a rural hamlet where the majority of men are overseas to fight Hitler's Nazi war machine, someone is killing veterans of the first world war. Wartime Special Constable 'Lame' Eddie Sommers, a crippled rich boy and the butt of derision, is doing his best to fill a uniform he believes in, yet wears too large. Inexperienced and out of his depth, he turns to a former detective and veteran of the western front for assistance. Involving Marshall Geary might be his biggest mistake. Marshall wears a copper mask, as much to hide behind as to conceal his disfigurements. He struggles against howling flashbacks and the lingering stench of his own concealed crimes. In a town meant for sanctuary, repressed horrors awaken like worms in a collapsing coffin. The closer they get to the truth, the nearer everyone is dragged to their limits, their failings and their buried pasts.

The Life of a Roman Town

A Fresh Approach to Understanding

No Place Like Earth

The last decade has seen a rapid growth in our understanding of the cognitive systems that underlie mathematical learning and performance, and an increased recognition of the importance of this topic. This book showcases international research on the most important cognitive issues that affect mathematical performance across a wide age range, from early childhood to adulthood. The book considers the foundational competencies of nonsymbolic and symbolic number processing before discussing arithmetic, conceptual understanding, individual differences and dyscalculia, algebra, number systems, reasoning and higher-level mathematics such as formal proof. Drawing on diverse methodology from behavioural experiments to brain imaging, each chapter discusses key theories and empirical findings and introduces key tasks used by researchers. The final chapter discusses challenges facing the future development of the field of mathematical cognition and reviews a set of open questions that mathematical cognition researchers should address to move the field forward. This book is ideal for undergraduate or graduate students of psychology, education, cognitive sciences, cognitive neuroscience and other academic and clinical audiences including mathematics educators and educational psychologists.

THE STORY: Over the course of 30 years, the lives of Kayleen and Doug intersect at the most bizarre intervals, leading the two childhood friends to compare scars and the physical calamities that keep drawing them together.

The groundbreaking investigative story of how three successive presidents and their military commanders deceived the public year after year about America's longest war, foreshadowing the Taliban's recapture of Afghanistan, by Washington Post reporter and three-time Pulitzer Prize finalist Craig Whitlock. Unlike the wars in Vietnam and Iraq, the US invasion of Afghanistan in 2001 had near-unanimous public support. At first, the goals were straightforward and clear: to defeat al-Qaeda and prevent a repeat of 9/11. Yet soon after the United States and its allies removed the Taliban from power, the mission veered off course and US officials lost sight of their original objectives. Distracted by the war in Iraq, the US military became mired in an unwinnable guerrilla conflict in a country it did not understand. But no president wanted to admit failure, especially in a war that began as a just cause. Instead, the Bush, Obama, and Trump administrations sent more and more troops to Afghanistan and repeatedly said they were making progress, even though they knew there was no realistic prospect for an outright victory. Just as the Pentagon Papers changed the public's understanding

of Vietnam, *The Afghanistan Papers* contains startling revelation after revelation from people who played a direct role in the war, from leaders in the White House and the Pentagon to soldiers and aid workers on the front lines. In unvarnished language, they admit that the US government's strategies were a mess, that the nation-building project was a colossal failure, and that drugs and corruption gained a stranglehold over their allies in the Afghan government. All told, the account is based on interviews with more than 1,000 people who knew that the US government was presenting a distorted, and sometimes entirely fabricated, version of the facts on the ground. Documents unearthed by *The Washington Post* reveal that President Bush didn't know the name of his Afghanistan war commander—and didn't want to make time to meet with him. Secretary of Defense Donald Rumsfeld admitted he had “no visibility into who the bad guys are.” His successor, Robert Gates, said: “We didn't know jack shit about al-Qaeda.” *The Afghanistan Papers* is a shocking account that will supercharge a long overdue reckoning over what went wrong and forever change the way the conflict is remembered. “An engaging, beautifully synthesized page-turner” (*Slate*). The #1 *New York Times* bestseller and *Time* #1 Nonfiction Book of the Year: Hillary Rodham Clinton's most personal memoir yet, about the 2016 presidential election. In this “candid and blackly funny” (*The New York Times*) memoir, Hillary Rodham Clinton reveals what she was thinking and feeling during one of the most controversial and unpredictable presidential elections in history. She takes us inside the intense personal experience of becoming the first woman nominated for president by a major party in an election marked by rage, sexism, exhilarating highs and infuriating lows, stranger-than-fiction twists, Russian interference, and an opponent who broke all the rules. “At her most emotionally raw” (*People*), Hillary describes what it was like to run against Donald Trump, the mistakes she made, how she has coped with a shocking and devastating loss, and how she found the strength to pick herself back up afterward. She tells readers what it took to get back on her feet—the rituals, relationships, and reading that got her through, and what the experience has taught her about life. In this “feminist manifesto” (*The New York Times*), she speaks to the challenges of being a strong woman in the public eye, the criticism over her voice, age, and appearance, and the double standard confronting women in politics. Offering a “bracing... guide to our political arena” (*The Washington Post*), *What Happened* lays out how the 2016 election was marked by an unprecedented assault on our democracy by a foreign adversary. By analyzing the evidence and connecting the dots, Hillary shows just how dangerous the forces are that shaped the outcome, and why Americans need to understand them to protect our values and our democracy in the future. The election of 2016 was unprecedented and historic. *What Happened* is the story of that campaign, now with a new epilogue showing how Hillary grappled with many of her worst fears coming true in the Trump Era, while finding new hope in a surge of civic activism, women running for office, and young people marching in the streets.

With most of Rabbit's zombie army out of the way, only one thing stands between Ox and Tiger and taking down Rabbit for good—Monkey. Her sheer strength and power, once disciplined in life, are completely unhinged in death, making her far and away the strongest fighter! With only four fighters and one zombie remaining, who will come out victorious? Don't miss the thrilling, unexpected conclusion to the twelfth Zodiac War! -- VIZ Media

Now a major motion picture, *The Disaster Artist*, starring James Franco, Alison Brie, Zoey Deutch, Lizzy Caplan, Zac Efron, Bryan Cranston, Dave Franco, Kristen Bell, Seth Rogen, Sharon Stone, and Judd Apatow. In 2003, an independent film called *The Room* - starring and written, produced, and directed by a mysteriously wealthy social misfit named Tommy Wiseau - made its disastrous debut in Los Angeles. Described by one reviewer as 'like getting stabbed in the head', the \$6 million film earned a grand total of \$1,800 at the box office and closed after two weeks. Over a decade later, *The Room* is an international cult phenomenon, whose legions of fans attend screenings featuring costumes, audience rituals, merchandising and thousands of plastic spoons. In *The Disaster Artist*, Greg Sestero, Tommy's costar, recounts the film's bizarre journey to infamy, explaining how the movie's many nonsensical scenes and bits of dialogue came to be and unraveling the mystery of Tommy Wiseau himself. But more than just a riotously funny story about cinematic hubris, *The Disaster Artist* is an honest and warm testament to friendship.

The *Amazonian Ethnobotanical Dictionary* presents an exciting new rainforest book, designed and conceived in the rainforest and dedicated to its preservation. The book contains concise accounts of the various uses to which prominent Amazonian plants are put by the local rainforest inhabitants. Although emphasis is placed on plant foods and forest medicines, there is also commentary on other relevant applications, including natural artifacts, house construction, natural pesticides, and ornamental and fodder plants. More than 1,000 species are covered and over 200 illustrated. An index to Spanish and English names leads to the scientific name, and the index to plants provides its medicinal application. There are even suggestions on how to eat palm grubs and how to make an Amazonian salad dressing. All royalties from the book are donated to the Amazonian Center for Environmental Education and Research (ACEER) in order to continue its preservation of one of the world's most diverse forests.

At approximately 09.00hrs on the 15th June 1996, an unassuming white lorry was parked on Corporation Street in the city centre of Manchester, England; it contained over 3000 pounds of high explosive. At 11.15hrs the same day, Manchester witnessed the detonation of the largest device on the British mainland since the second World War ... The Irish

Republican Army claimed responsibility for the attack. Based around actual events, LETTERBOX tells the story of Liam Connor, an ordinary boy brought up in Manchester by a seemingly ordinary family. He goes to the local school, loves football and has a best friend called Sean ... an ordinary life! Unbeknown to Liam, his father, Michael Connor, harbors a dark historic secret, following a life a lot less ordinary ... as a furtive, yet high ranking soldier within the IRA. As a result of extraordinary circumstances, Liam's innocent and carefree world is shattered when he is exposed to the truth about his family's heritage and then learns about the tragic death of his father at the hands of the SAS. Consumed with both hate and the need to seek retribution, Liam is taken to Ireland where he is intensively trained to become a highly skilled and efficient soldier within the Irish Republican Army ... He is 16 years old! Some years later, following the drug-induced death of his beloved sister, Liam is given the opportunity to exact his revenge on those he believed should truly be blamed for the tragedies in his life ... The British Government! Thus, on the 15th June 1996, it was Liam's responsibility to drive the bomb laden lorry into the unsuspecting city of Manchester and let the voice of the IRA be clearly heard ... And listened to!!

Taking a Simple Ingredient and Turning It Into Something Elegant

Just as Jack Kerouac captured the beat of the '50s, his daughter captured the rhythm of the generation that followed. With a graceful, often disturbing detachment and a spellbinding gift for descriptive imagery, Jan Kerouac explores the tortured, freewheeling soul of a woman on her own road. From an adolescence of LSD, detention homes, probation, pregnancy, and a stillbirth in the Mexican tropics at age 15; to the peace movement in Haight-Ashbury and Washington state; to traveling by bus through Central America with a madman for a lover, *Baby Driver* moves with the force of a tropical storm.

Biography -- Literary Criticism--> Conversations with William H. Gass captures the imagination and philosophical acumen of one of America's most important aestheticians, critical theorists, fiction writers, and essayists. From his first major novel, *Omensetter's Luck* (1966), to his numerous collections of essays and philosophical inquiries, to his controversial novel *The Tunnel* (1995), Gass (b. 1924) has proved himself a meticulous craftsman. Throughout these interviews, he reveals an aesthetic that combines ideas from sources as disparate as Ludwig Wittgenstein, Rainer Maria Rilke, Gertrude Stein, and Plato. The interviews make clear the unity behind Gass's views is by his own design. Conversations retrace his undergraduate years at Kenyon College and his subsequent philosophical investigation of metaphor at Cornell University. Gass has never strayed from his belief that metaphor is central and fundamental to thought and to aesthetics. In these interviews he reiterates time and again his belief that the ultimate understanding of the relationship of language to the world pivots on one's understanding of metaphor. In interviews, in profiles, and in his own essays, Gass does not hide from questions about his art and personal motivations, no matter how frequently they are asked, nor does he toy with his interviewers. Revealing how he never shies from an intellectual joust, this collection includes a rousing, contentious debate with John Gardner, fellow literary pundit and fiction writer. The distinction of Gass's prose is matched by the clarity and brilliance of the mind behind it. These talks allow an unobstructed view. Anyone interested in Gass's writing will delight in hearing the brutally honest voice of the mind that produced it. Theodore G. Ammon is chair of the philosophy department at Millsaps College in Jackson, Miss. His work has appeared in such publications as *Romance Notes*, *Arachne*, *College Mathematics*, and the *Journal of Aesthetic Education*.

Medusa has lost her head, and her serpents are hunting through the ancient Greek ruins for a new host. So themed is *The Ruins* haunted house where Luna is a make-up artist. As the Minotaur, the Siren, the Cyclops and a host of mythological beasts take their places for opening night, Luna is thrust into a dark world where her monsters are all too real. Can she survive *The Ruins*? Written in two acts, this piece is intended to play in the house amid the audience as well as onstage. *The Ruins* is of adult-theme, with a running-time of approximately 90 minutes, and a flexible cast of 8-20+.

The headings of Mary Beard's notes give a taste of this astonishing book: *Bad Breath*, *Intestinal Parasites*, *Performing Monkeys*, *One-way Streets*, *Kosher Food*, *Water Shortages*. *The Temple of Isis* serves to bring in multiculturalism. *The House of the Menander* tells how a house worked. At the *Suburban Baths* we go from communal bathing to hygiene to erotica. 154 writing tablets from the

House of Caecilius Jucundus detail the accounts of its owner. A fast-food joint on the Via dell' Abbondanza introduces food and drink and diets and street life. These are just a few of the strands that make up an extraordinary and involving portrait of an ancient town, its life and its continuing re-discovery, by Britain's leading classicist.

It's 1987. Billy Marvin, the tallest boy in ninth grade, has just witnessed history. Wheel of Fortune presenter Vanna White is on the cover of Playboy. Billy and his friends, Alf and Clark, know that if they can get hold of the magazine, their world will change. For ever. But as Billy says, 'No shopkeeper in America was going to sell Playboy to a fourteen-year-old boy.' As they set out on their mission to find the most wanted images in America, they're blissfully unaware of the dangers, dramas and garbage dumpsters that lie ahead. And of how a girl called Mary might just change one of their lives. For ever.

Extraordinary national acclaim accompanied the publication of award-winning historian Linda Gordon's disturbing and markedly timely history of the reassembled Ku Klux Klan of the 1920s. Dramatically challenging our preconceptions of the hooded Klansmen responsible for establishing a Jim Crow racial hierarchy in the 1870s South, this "second Klan" spread in states principally above the Mason-Dixon line by courting xenophobic fears surrounding the flood of immigrant "hordes" landing on American shores. "Part cautionary tale, part expose" (Washington Post), The Second Coming of the KKK "illuminates the surprising scope of the movement" (The New Yorker); the Klan attracted four-to-six-million members through secret rituals, manufactured news stories, and mass "Klonvocations" prior to its collapse in 1926--but not before its potent ideology of intolerance became part and parcel of the American tradition. A "must-read" (Salon) for anyone looking to understand the current moment, The Second Coming of the KKK offers "chilling comparisons to the present day" (New York Review of Books).

SHORTLISTED FOR THE 2017 BAILEYS WOMEN'S PRIZE FOR FICTION SHORTLISTED FOR THE 2018 WELLCOME BOOK PRIZE LONGLISTED FOR THE 2018 INTERNATIONAL DYLAN THOMAS PRIZE Yejide is hoping for a miracle, for a child. It is all her husband wants, all her mother-in-law wants, and she has tried everything. But when her relatives insist upon a new wife, it is too much for Yejide to bear. Unravelling against the social and political turbulence of 1980s Nigeria, Stay With Me is a story of the fragility of married love, the undoing of family, the power of grief, and the all-consuming bonds of motherhood. It is a tale about the desperate attempts we make to save ourselves, and those we love, from heartbreak.

This book is about mathematical thinking, learning and understanding. It is about ways in which good representations capture mathematical ideas, and about building broad and deep knowledge

by understanding the links between those ideas. It draws on research in mathematics education and psychology to explain why some misunderstandings and confusions arise for almost everyone, and it describes ways to think about mathematical ideas correctly and with confidence.

NEW YORK TIMES BESTSELLER "An inspiring story that manages to be painful, honest, shocking, bawdy and hilarious." —The New York Times Book Review From stand-up comedian, actress, and breakout star of *Girls Trip*, Tiffany Haddish, comes *The Last Black Unicorn*, a sidesplitting, hysterical, edgy, and unflinching collection of (extremely) personal essays, as fearless as the author herself. Growing up in one of the poorest neighborhoods of South Central Los Angeles, Tiffany learned to survive by making people laugh. If she could do that, then her classmates would let her copy their homework, the other foster kids she lived with wouldn't beat her up, and she might even get a boyfriend. Or at least she could make enough money—as the paid school mascot and in-demand Bar Mitzvah hype woman—to get her hair and nails done, so then she might get a boyfriend. None of that worked (and she's still single), but it allowed Tiffany to imagine a place for herself where she could do something she loved for a living: comedy. Tiffany can't avoid being funny—it's just who she is, whether she's plotting shocking, jaw-dropping revenge on an ex-boyfriend or learning how to handle her newfound fame despite still having a broke person's mind-set. Finally poised to become a household name, she recounts with heart and humor how she came from nothing and nowhere to achieve her dreams by owning, sharing, and using her pain to heal others. By turns hilarious, filthy, and brutally honest, *The Last Black Unicorn* shows the world who Tiffany Haddish really is—humble, grateful, down-to-earth, and funny as hell. And now, she's ready to inspire others through the power of laughter.

*Kazuo Ishiguro's new novel *Klara and the Sun* is now available to preorder* From the Nobel Prize-winning author of *Never Let Me Go* Winner of the Booker Prize ONE OF THE BBC'S '100 NOVELS THAT SHAPED OUR WORLD' A contemporary classic, *The Remains of the Day* is Kazuo Ishiguro's beautiful and haunting evocation of life between the wars in a Great English House. In the summer of 1956, Stevens, the ageing butler of Darlington Hall, embarks on a leisurely holiday that will take him deep into the English countryside and into his past.

Egy váratlan küldetés. Két világ forog kockán. Felkészültél? Néhány nappal James Halliday, az OASIS alapítójának legendás versenye után Wade Watts újabb világraszóló felfedezést tesz. Halliday széjfjének a mélyén egy olyan technológiai újítás lapul az alapító örökösére várva, amely ismételten fel fogja forgatni a világot, az OASIS-t pedig ezerszer bámulatosabbá és lebilincselőbbé teszi, mint amire Wade valaha is gondolni mert volna. Ez a titok azonban egy újabb rejtvényt és küldetést is hoz magával egy titokzatos nyereség ígéretével. Ráadásul felbukkan egy váratlan ellenfél is, aki elképzelhetetlen hatalommal bír és képes végezni akár milliárdokkal is, hogy elsőként érjen célba. A Ready Player One régóta várt folytatásában nem csak Wade élete és az OASIS jövője forog kockán: a játszma tétje a teljes emberiség sorsa!

'Has the power to move hearts and change minds' Guardian 'Tremendously uplifting and a novel of all-too-rare power' Sunday Express 'An amazing book . . . I absolutely loved it. I cried my eyes out' Tom Fletcher Read the award-winning, multi-million copy bestselling phenomenon that is WONDER. 'My name is August. I won't describe what I look like. Whatever you're thinking, it's probably worse.' Auggie wants to be an ordinary ten-year-old. He does ordinary things - eating ice cream, playing on his Xbox. He feels ordinary - inside. But ordinary kids don't make other ordinary kids run away screaming in playgrounds. Ordinary kids aren't stared at wherever they go. Born with a terrible facial abnormality, Auggie has been home-schooled by his parents his whole life. Now, for the first time, he's being sent to a real school - and he's dreading it. All he wants is to be accepted - but can he convince his new classmates that he's just like them, underneath it all? A funny, frank, astonishingly moving debut - and a true global phenomenon - to read in one sitting, pass on to others, and remember long after the final page.

Tantra originated in India many centuries ago but it's uniquely placed to help people use real life as grist to the mill for spiritual transformation. The purpose of the book is to articulate what Tantra can be in our modern times and how it can be applied to all aspects of our everyday life.

Traditionally Tantra was a path that brought spirituality out of the caves and monasteries and into the life of householders. It didn't seek to separate sexuality and spirituality and to force people to make a choice but rather to integrate the life of family and relationship with spirituality. This includes sexuality but it's not all about sexuality, and this is a rare book that applies Tantra to every aspect of life. Living Tantra is a body of work that aims to bring the essence and core message of tantra into relevance for our contemporary life and society as a path of spiritual growth and human development. It's based on her legendary workshops which book up via word of mouth and attracts attendees from across Europe and North America, especially Sweden, Austria, USA, Germany, Spain and the Czech Republic. The exercises here come out of these workshops and mean that we can benefit from this work in our own homes. The principles of Living Tantra are to use all life, all experience to learn and become more conscious of ourselves and the world around us, to care more for ourselves, each other and the world and to develop greater compassion. Tantra includes everything. It is the weaving together of all that is.
