Womens America Refocusing The Past

This history of women's antislavery petitioning shows how this form of activism not only contributed to the success of the abolitionist movement but also proved to be a watershed moment in the emergence of American women as political actors.

Beyond Combat investigates how the Vietnam War both

Read Free Womens America Refocusing The Past

reinforced and challenged the gender roles that were key components of American Cold War ideology. Refocusing attention onto women and gender paints a more complex and accurate picture of the war's far-reaching impact beyond the battlefields. Encounters between Americans and Vietnamese were shaped by a cluster of intertwined images used to make sense of and justify American intervention and use of

Read Free Womens America Refocusing The Past

force in Vietnam. These images included the girl next door, a wholesome reminder of why the United States was committed to defeating Communism, and the treacherous and mysterious 'dragon lady', who served as a metaphor for Vietnamese women and South Vietnam. Heather Stur also examines the ways in which ideas about masculinity shaped the American GI experience in Vietnam and, ultimately, how some

American men and women returned from Vietnam to challenge homefront gender norms.

A History of Women in America integrates the stories of women in America into the national narrative of American history. By weaving women's lives into the heart of the country's narratives, readers will see women where they were, rather than having them appear as appendages to events controlled largely by men. Coryell and Faires

Read Free Womens America Refocusing The Past

use accessible language, telling stories that will attract beginning scholars to the field of history. Major ethnic groups are incorporated, from Native American and African women who appear earliest in the text, to the major immigrant groups, such as Hispanic, Latina, Chicana, and Asian women, who occupy increasingly larger roles throughout the nineteenth and twentieth centuries.

This book offers a

From board games to beauty pageants, a smart, witty, pop-culture history of the perilous path to achieving the feminine ideal. Deluged by persuasive advertisements and meticulous (though often misguided) advice experts, women from the 1940s to the 1970s were coaxed to

Read Free Womens America Refocusing The Past

"think pink" when they thought of what it meant to be a woman. Attaining feminine perfection meant conforming to a mythical standard, one that would come wrapped in an adorable pink package, if those cunning marketers were to be believed. With wise humor and a savvy eye for curious, absurd, and at times wildly funny period artifacts, Lynn Peril gathers here the memorabilia of the era —from kitschy board games and lunch boxes to outdated advice books and health pamphlets—and reminds us how media messages have long endeavored to shape women's behavior and self-image, with varying degrees of

The Essential Feminist Reader is the first anthology to present the full scope of feminist history. Prizewinning historian Estelle B. Freedman brings decades of teaching experience and scholarship to her selections, which span more than five centuries. Moving beyond standard texts by English and American thinkers, this collection features primary source material from around the

Read Free Womens America Refocusing The Past

globe, including short works of fiction and drama, political manifestos, and the work of less well-known writers. Freedman's cogent Introduction assesses the challenges facing feminism, while her accessible, lively commentary contextualizes each piece. The Essential Feminist Reader is a vital addition to feminist scholarship, and an invaluable resource for anyone interested in the history of women.

A stunningly original and inspiring illustrated history of America's founding ideals and how they have been understood from colonial times to the

Read Free Womens America Refocusing The Past

present, by one of America's most gifted historians.

By turning upside down the traditional paradigm of women's history as one of rights, Kerber shows us that there is no "right" to be excused from the obligations of citizenship. Hers is an invaluable new way of understanding the history of women in America - and American history more generally.

Women in Early America, edited by Thomas A. Foster, tells the fascinating stories of the myriad women who shaped the early modern North American world from the colonial era through

Read Free Womens America Refocusing The Past

the first years of the Republic. This volume goes beyond the familiar stories of Pocahontas or Abigail Adams, recovering the lives and experiences of lesser-known women—both ordinary and elite, enslaved and free, Indigenous and immigrant—who lived and worked in not only British mainland America, but also New Spain, New France, New Netherlands, and the West Indies. In these essays we learn about the conditions that women faced during the Salem witchcraft panic and the Spanish Inquisition in New Mexico; as indentured servants in early Virginia and Maryland;

Read Free Womens America Refocusing The Past

caught up between warring British and Native Americans; as traders in New Netherlands and Detroit; as slave owners in Jamaica; as Loyalist women during the American Revolution; enslaved in the President's house; and as students and educators inspired by the air of equality in the young nation. Foster showcases the latest research of junior and senior historians, drawing from recent scholarship informed by women's and gender history—feminist theory, gender theory, new cultural history, social history, and literary criticism. Collectively, these

Read Free Womens America Refocusing The Past

essays address the need for scholarship on women's lives and experiences. Women in Early America heeds the call of feminist scholars to not merely reproduce male-centered narratives, "add women, and stir," but to rethink master narratives themselves so that we may better understand how women and men created and developed our historical past.

Essays By Linda K. Kerber

*A bold and urgent perspective on how American foreign policy must change in response to the shifting world order of the twenty-first century, from the New York Times bestselling author of *The Limits of Power* and *The Age of Illusions*.*

The purpose of U.S. foreign policy has, at least theoretically, been to keep Americans safe. Yet as we confront a radically changed world, it has become indisputably clear that the terms of that policy have failed. Washington's insistence that a market economy is compatible with the common good, its faith in the idea of the "West" and its "special relationships," its

Read Free Womens America Refocusing The Past

conviction that global military primacy is the key to a stable and sustainable world order—these have brought endless wars and a succession of moral and material disasters. In a bold reconception of America’s place in the world, informed by thinking from across the political spectrum, Andrew J. Bacevich—founder and president of the Quincy Institute for Responsible Statecraft, a bipartisan Washington think tank dedicated to foreign policy—lays down a new approach—one that is based on moral pragmatism, mutual coexistence, and war as a last resort. Confronting the threats of the future—accelerating climate

Read Free Womens America Refocusing The Past

change, a shift in the international balance of power, and the ascendance of information technology over brute weapons of war—his vision calls for nothing less than a profound overhaul of our understanding of national security. Crucial and provocative, After the Apocalypse sets out new principles to guide the once-but-no-longer sole superpower as it navigates a transformed world. Until recently a "womanless" American history was the norm. But without a history of women we neglect gender dynamics, sex roles, and family relations--the very fundamentals of human interaction. Here 24 short essays

locate the histories of women--from Pocahontas to Betty Friedan--and men together by period and provide a sense of their continuities through the whole gallery of the American past. 26 photos.

Lamenting the stress-inducing pressure that modern society places on young women to be sexually active, the author calls for a renewed respect for women's privacy and their desire to take intimacy seriously.

Women from remarkably diverse religious, social, and political backgrounds made up the rank-and-file of anti-abortion activism.

Empowered by--yet in many cases scared of--the changes wrought by

Read Free Womens America Refocusing The Past

feminism, they founded grassroots groups, developed now-familiar strategies and tactics, and gave voice to the movement's moral and political dimensions. Drawing on oral histories and interviews with prominent figures, Karissa Haugeberg examines American women 's fight against abortion. Beginning in the 1960s, she looks at Marjory Mecklenburg's attempt to shift the attention of anti-abortion leaders from the rights of fetuses to the needs of pregnant women. Moving forward she traces the grassroots work of Catholic women, including Juli Loesch and Joan Andrews, and their encounters with the influx of evangelicals into the

Read Free Womens America Refocusing The Past

movement. She also looks at the activism of evangelical Protestant Shelley Shannon, a prominent pro-life extremist of the 1990s.

Throughout, Haugeberg explores important questions such as the ways people fused religious conviction with partisan politics, activists' rationalizations for lethal violence, and how women claimed space within an unshakably patriarchal movement.

A Stranger in the House

Civil Rights Crusader from Arkansas

The Federalists of Jefferson's time have been described by historians as complainers and obstructionists. A very different picture evolves from this book, which the author calls "a reconsideration of American political conversation in the early national period." Mrs. Kerber shows that the rift between Federalists and Jeffersonians was caused by differences in ideology. The Federalists, according to the author, feared that an ordered world was disintegrating and that the

Read Free Womens America Refocusing The Past

sources of stability were being undermined by Jeffersonian concepts of science and education, of law and democracy, and by social arrangements founded on slavery. The book demonstrates how the political differences of the two groups were reflected in all cultural forms and issues. By a skillful use of quotations from varied sources—newspapers, letters, literary works, congressional debates—Mrs. Kerber lets her protagonists speak for themselves. The work has current significance because Federalist beliefs emphasized the precariousness of popular democracy and the difficulty of maintaining a stable social order—both widespread concerns of

“Stunning.”—Rebecca Onion, Slate “Makes a vital contribution to our understanding of our past and present.”—Parul Sehgal,

New York Times Bridging women’s history, the history of the South, and African American history, this book makes a bold argument about the role of white women in American slavery.

Historian Stephanie E. Jones-Rogers draws on a variety of sources to show that

slave-owning women were sophisticated economic actors who directly engaged in and benefited from the South’s slave

Read Free Womens America Refocusing The Past

market. Because women typically inherited more slaves than land, enslaved people were often their primary source of wealth. Not only did white women often refuse to cede ownership of their slaves to their husbands, they employed management techniques that were as effective and brutal as those used by slave-owning men. White women actively participated in the slave market, profited from it, and used it for economic and social empowerment. By examining the economically entangled lives of enslaved people and slave-owning women, Jones-Rogers presents a narrative that forces us to rethink the economics and social conventions of slaveholding America.

The definitive account of an icon who shaped gender equality for all women. In this comprehensive, revelatory biography — fifteen years of interviews and research in the making — historian Jane Sherron De Hart explores the central experiences that crucially shaped Ginsburg's passion for justice, her advocacy for gender equality, and her meticulous jurisprudence. At the heart of her story and abiding beliefs was her Jewish background, specifically the concept of tikkun olam, the Hebrew injunction to 'repair the world', with its profound meaning for a young girl who grew up during the Holocaust and World War II. Ruth's journey began with her mother, who died tragically young but whose intellect inspired her daughter's feminism. It stretches from Ruth's days as a baton twirler at Brooklyn's James

Life is hard in post-Civil War New York, but change is in the air.

Women are agitating for the vote and other rights. Immigrants are pouring into the city, bringing a new spirit in their wake. Among them is Freydeh, who lives in a tiny tenement flat with eight others and works at as many jobs as she can handle in hopes of raising enough

Read Free Womens America Refocusing The Past

money to bring her beloved family over to America from Russia. And she has a dream: someday, she will own a place and a business of her own. Then she receives a letter - many months after it was first posted - containing devastating news: her parents have died in a cholera epidemic. After their death, Freydeh's sister set off to America without them, all by herself, and according to the letter would have arrived in the port of New York many months earlier. Freydeh is horrified and terrified for her little sister, who appears to be adrift somewhere in the city. Freydeh puts everything else aside and launches a search to find her, which turns into
