It expands the view of youth crime from the view of mass media, society and the mental health field. It also presents the many different environmental drivers that promote and influence juvenile delinquency. Youth Crime in America also goes into the history of cognitive psychologists and their historical findings that lead to a greater understanding of crucial influential drivers of risky behavior.

Youth Crime in America: A Modern Synthesis by Roy Lotz

Juvenile Delinquency refers to criminal acts committed by children or teenagers, specifically anyone below the age of eighteen (or 17 in some States). Common sentiment on this issue is that the crimes they commit hurt society and hurt the children themselves. Much research and debate revolves around the problem of juvenile delinquency in the US.
